Subject: SW Bayou Drive/ Board Order 14-652
Attachments: SW Bayou Drive BO 14-652.pdf

Commissioners,

Last Thursday, you adopted Board Order 14-652 authorizing the Public Works Dept. to perform work and expend county money on SW Bayou Drive (see attached). The Board Order, in the introductory paragraph, was correctly dated October 30, 2014; however, due to a scrivener's error, just above the signature line on page 2, the date of October 2, 2014 was inadvertently included. I would ask that the Board take action at this morning's formal session authorizing the correction of the October 2, 2014 date, changing it to October 30, 2014 and reaffirming your intent to authorize the work outlined in Board Order 14-652, effective October 30, 2014. Once this is done, the date on page 2 of the original Board Order can be corrected and initialed by the Board.

No other substantive changes or revisions are required to Board Order 14-652 as previously adopted.

Please contact me if you have questions or concerns regarding this matter.

Thanks,
Christian

Accepted by Yamhill County
Board of Commissioners on
11-6-14 by Board Order
14-683

Correction made on original B.O. (14-652)
