Oregon Parks and Recreation Department
Local Government Grant Program

We would like to request approval to apply for the 2015 cycle of the LGGP, requesting acquisition funds for the Yamhelas Westsider Trail. The grant would be applied toward Phase II of a four phase acquisition process. Phase II will consist of three miles of right of way, including a section that passes parallel to the county’s Wrex Cruise park, a potential trailhead. The three miles have an estimated \$430,000. The LGGP has approximately \$4 million available for funding this year.

This requires no new match funding as the previously awarded TE Grant funding and additional state funding can be applied as match towards this grant. There will be a need to have the existing appraisal adjusted to reflect the specific area of interest, the three mile section. The due date for the application is April 1st, 2015, with a required presentation to the review committee in early June.
