Strategic Investment Grant Application

Regarding the eCNC, Inc. Strategic Investment Grant application: While I don't have a vote on this grant application, but may at times discuss projects such as this with the Commissioners, I would like to state that I may have a potential conflict of interest on this matter. My husband is the regional sales representative for a national coolant company that provides machining coolant to manufacturing firms including this company - and eCNC, Inc. is one of his clients.

I did not communicate with my husband regarding this grant opportunity or the company, nor have I communicated with or encouraged the company to apply for this grant. This grant application was submitted independent of any action or knowledge on my part.
