Re: Consideration for BOC action

The fair management respectfully requests approval for an increase in our ATM funds from the current \$1200 to \$1600. We are seeing a consistent increase in use and have had to request an early check twice due to mid-week events for which we have no ATM funds.

We would like to have the additional \$400 available to us as soon as possible due to two mid-week events beginning on Wednesday this week.

Respectfully,

Fair management
