Re: Yamhill County Local Supervisory Authority

As you are aware, per Oregon Revised Statutes, each Oregon County Board of Commissioners is to designate a person or persons as the Local Supervisory Authority in their jurisdiction. The Local Supervisory Authority has certain authorities and responsibilities per statute relating to the operation of the local jail, and the operations relating to the management and supervision of "Local Control Offenders" while in custody, and while on community supervision.

Since I came to Yamhill County in 2008, the Board has designated the Sheriff and the Director of the Department of Community Justice as the "Local Supervisory Authority". Therefore, Sheriff Svenson and I are the current designees. I believe the last time this was updated was when Sheriff Svenson took office.

As I am retiring on June 30, I am respectfully recommending that the Board update the order by designating Sheriff Svenson and Jessica Beach as the new Local Supervisory Authority, effective July 1, 2017.

Thank you very much.
