

Start of Work Notification:

A start of work notice is required. Applicant must notify the Yamhill County Public Works Department of scheduled work no earlier than 1 working day prior to the start of the regulated or utility activity and no later than 7:00 a.m. the day work commences. Scheduling must be made by telephone to 503 434-7514; and include a contact person, call back telephone number, location of work, type of work, time that the work is scheduled to start and permit number. A supplemental fax to 503 472-4068 or an e-mail to pwpermits@co.yamhill.or.us with the required information can be sent for documentation but will not eliminate the telephone notification requirement.

1. Contact Name: _____
2. Telephone Number: _____
3. Location of Work: _____
4. Type of Work: _____
5. Start Date and Time: _____
6. Permit Number: _____

Note: Delays of work longer than one day require additional notification.
