Subject: Agenda Item Request for 01/29/19

Dear Commissioners,

Brian Young and I would like to request approval to submit a grant application to the FY2019 Oregon State Homeland Security Program (SHSP). The SHSP requires proposals be submitted as a combined package representing respective counties, though each proposal will be scored on its individual merits and, if awarded, managed by the applicant and not the County. This year's applicants include:

1. City of Newberg - \$27,500 for the **Newberg Water Emergency Supplies** project
2. Yamhill Fire Protection District - \$169,268 for phase two of the **North Yamhill County Interoperable Communications Project**
3. Sheriff's Office - \$100,000 for phase two of the **Yamhill County Public Safety Communications & Interoperability Upgrade** project

Yamhill County application packet total: **\$296,768**.

Thank you for your consideration,

Carrie
