Subject: Board Consideration: Doxy.me telemedicine
Importance: High

Hi Mary and Ken,

I know this is very late but if at all possible it would be great if we could get it on tomorrow's agenda. If we are not able to we will not be able to implement until May 4th which delays our ability to provide alcohol and drug and mental health groups through this platform. Other platforms have been challenging for this type of work.

If you are okay with the add on please let me know if you would like me to send to the larger group.

I would like permission to purchase doxy.me telemedicine services in the amount of \$86,160. Following a competitive quote process, Doxy.me was the lowest bidder and best solution in the amount of \$86,160 per year. This is an unanticipated expense due to the "Stay Home, Save Lives", Executive Order 20-12 and as you are aware, we are pursuing several grant opportunities to reimburse this expense.

Doxy.me allows our behavioral health providers to offer telemedicine services such as crisis intervention, routine behavioral health treatment, public health services including maternal child health, nurse family partnership services and some clinic based visits as well as some developmental disabilities services.

Carolina/Keri, please place this as an add-on to this week's agenda items. Suggested Board Agenda language:

"Authorize the purchase of Doxy.me telemedicine services in the amount of \$86,160 per year."
