Re: LiveScan Fingerprint Scanners Purchase in Excess of \$25,000

Attached for your review and approval is the quote from Gemalto for the upgrades to the LiveScan Fingerprint scanners that were purchased under BO 11-628 and BO 13-582 for use in the Book and Release Office in Court Security and in the Booking Room at the Yamhill County Correctional Facility. With the move to Windows 10, and in order to remain CJIS compliant, Yamhill County is required to upgrade the machines as outlined in the attached.

In addition to the equipment purchase, we are prepaying for three years of Maintenance Support for each machine.

This equipment is necessary to run the required fingerprinting of individuals in custody and those who are approved through the Courts for Book and Release. The funds for this equipment will be paid for out of 010-041.

Thank you for your consideration of this request.
