**Re:** Request to declare property surplus – taser equipment

---

Please consider this memo as a request of Board approval to declare 44 X26 field and 27 X26 training taser cartridges as well as 12 X26P Taser holsters as surplus property to be donated to the City of Yamhill Police Department per Section 3 of Ordinance 499. In January of 2021, YCDCJ transitioned from the X26P taser to the new Taser 7 Close Quarter conducted energy weapon for our certified Parole and Probation Officer staff, which require a different cartridge and holster from the previous model. Our surplus cartridges and used holsters cannot currently be used by YCDCJ due to the new equipment specificity. The value of the holsters if purchased new would be approximately \$480 per Galls, an online vendors current pricing. The Taser X26 cartridges, if purchased new with a 5-year shelf life, would be approximately \$2130 based per the sole manufacturer, Taser online pricing. The cartridges vary on expiration date, but average expiration date would be July 2022. After this date the cartridges should only be used for training purposes. YCDCJ reached out to a couple local law enforcement agencies to determine need and the Yamhill City Police Department expressed interest in the donation.

Please let me know if you have any questions.

Thank you for your consideration.
