V DUTIES AND RESPONSIBILITIES OF COUNTY

- B. COUNTY shall incorporate the principles described below into the Plan:
 - 1. Treatment programs shall be evidence-based. Evidence-based programs are delivered consistent with the findings in research about what works best to reduce recidivism.
 - 2. Assessment which is standardized, objective, and comprehensive shall be used to prioritize treatment, determine criminal risk factors, and to determine the proper level of care. Assessments of risk shall be based on actuarial risk assessment tools.
 - 3. Rules, requirements and expectations for Participants, including consequences for success and for failure are made formal and clear by an authority figure.
 - 4. An individual case plan shall be developed for each Participant. The case plan shall include criminal risk factors in addition to addiction that will be addressed in treatment.

Treatment programs shall be of sufficient length and intensity to produce stable behavior changes based on replacing old patterns of thinking and behaving and learning and practicing new skills for avoiding drug use and criminal behavior.

7. The Plan shall utilize a system of graduated Sanctions and incentives which are swift and certain and which encourage recovery goals while holding Participants accountable for non-compliant behaviors.
 8. Weekly random drug testing shall occur, however frequency may decrease as Participant progresses. There shall be a consequence for this or any other rule violation, but that consequence shall not automatically result in withdrawal from treatment. Sanctions shall be administered in a manner to assure longer stays in treatment which are associated with good outcomes.
 9. Co-ed treatment shall be avoided if possible.
 10. Programs shall include relapse prevention planning and comprehensive transition planning so that participants are more likely to adjust to the next level of care or change in living situation.

- D. COUNTY will prepare and furnish such data, descriptive information and reports as may be requested by DEPARTMENT as needed to comply with ORS 423.520, which states in part, "The department shall require recipients of the grants to cooperate in the collection and sharing of data necessary to evaluate the effect of community corrections programs on future criminal conduct." Yamhill County Department of Community Justice (YCDCJ) M57 Program Description Update

(Revised September 2021)

- The population being served.

All medium/high risk Justice Involved Individuals (JII's) on community supervision currently for Measure 57 Property offenses that have a substance abuse addiction. Yamhill County DCJ has a dedicated M57 caseload Parole and Probation Officer (PPO) although a small fraction of the M57 population is enrolled in specialty courts and are then supervised by the specialty court PPO (i.e., Adult Recovery Court, Court Coordinated Services (Special Needs), and Restitution Caseload).

- The treatment programs being used and the intensity and duration that has been designed into your approach.

The Day Management Center (DMC) serves as a hub of support services to clients under the supervision of Yamhill County Department of Community Justice. DMC focuses services on medium and high-risk clients for the purpose of obtaining employment with our Ready-To-Work (RTW) track. JII's can also participate in our Sustained Employment Always (SEA) track to maintain employment. There are also intensive supervision tracks available, Motivational Cognitive Program (MCP), Moving On (Gender Responsive) and Thinking for a Change (T4C). The PPO making the referral works with the Probation Programs Specialist to determine the most appropriate track. Some individuals can attend one or more tracks depending on their individual needs.

MCP is designed to provide gender-specific and trauma informed services to the medium/high risk population both in and out of custody to ease in providing a consistent continuum of services. In summary, the overall spectrum of services may include: Reach-in services to determine offender needs prior to release in both jail and prison; URICA motivational assessment to determine stage of change and, if indicated, further ASAM evaluation to determine level of care needed; jail-based services may be offered to increase level of motivation and provide a continuum of services, referral to treatment services based upon stage of change and ASAM PPC 2 placement criteria: Level I outpatient services, Level II intensive outpatient services, Level III or above residential or medical detoxification services, Motivation to Change Program (MCP), Drug Court Program (often determined by sentencing Judge), and the Day Management Center (DMC). It should be noted that while there is a full spectrum of services available to each client based on risk, need and responsivity issues, YCDCJ will primarily fund the intensive supervision, reach-in and transition, MCP and DMC program areas with these supplemental funds. JII's who enter into Level I or Level II outpatient care and/or specialty court programs may be funded through existing resources.

All services provided by Yamhill County Health and Human Services Chemical Dependency (YCCD) will be targeted in dosage, duration, and intensity to address level of risk and clinical need. YCCD is a state licensed program and offers a spectrum of services. Services are available 6 days a week, mornings and evenings, and can be

structured around the JII's schedule if he/she/they are employed during the day. Many groups are gender specific. Bilingual and bicultural staff are available to serve Spanish speaking populations. YCCD also partners with Yamhill County Mental Health (YCMH) to address co-occurring disorders if clinically necessary. The intensive outpatient program provides intensive outpatient services to a difficult client population. YCDCJ is hopeful about this program's ability to positively impact the motivated chemically dependent medium or high-risk offender. Program staff understand the importance of role playing with increased difficulty and targeting associates in order to change criminal behavior. All service delivery is grounded in cognitive behavioral interventions and social learning theory; staff routinely model respect, responsibility, and values-driven decision making when they interact with offenders. The intensive outpatient program also utilizes a standard system for client incentives. Research has demonstrated that the effective use of client incentives can increase treatment engagement, retention, and drug-free results in abstinence monitoring during treatment. Further, duration of abstinence during treatment is a powerful predictor of abstinence one year after discharge from treatment. Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines allow use of (non-cash only) client incentives to: (1) get individuals into the program; (2) retain individuals in the program and encourage them to meet treatment benchmarks; and (3) encourage individuals to return for follow-up evaluation and data collection.

- The types of sanctions that are available and what you see being utilized as well as any existing rewards/reinforcers used to motivate the offenders to succeed.

Possible interventions and sanctions used with the M57 population are verbal interventions, increased reporting, increase urinalysis, program referral, Carey Guide/BITS assignment, interactive journaling, work release, community service/work crew and jail.

Research has demonstrated that the effective use of incentives can increase treatment engagement, retention, and drug-free results in abstinence monitoring during treatment. In addition to larger incentives such as decrease reporting, decreased urinalysis, casebank transfer/supervision, DCJ also uses smaller tangible incentives that individual clients can choose from when a prosocial behavior is noted and enforced, such as gift cards for gas, laundry services, prepared food, clothing, and groceries. The YCCD intensive outpatient program also utilizes a standard system for participant incentives. Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines allow use of (non-cash only) participant incentives to: (1) get individuals into the program; (2) retain individuals in the program and encourage them to meet treatment benchmarks; and (3) encourage individuals to return for follow-up evaluation and data collection.

- What collaborations exist between you and your local criminal justice partners or what partnerships have been created since the original implementation of your M57 Supplemental Fund program.

Yamhill County is fortunate to have an excellent team of stakeholders who regularly collaborate on community justice issues. A weekly meeting with local criminal justice

stakeholder is focused on solving operations issues as they arise. Although this group meetings have been periodically suspended due to COVID, this group remains in close contact as issues arise. This groups includes a Circuit Court Judge, the Health and Human Services Director, a Mental Health and Chemical Dependency Manager, the YCDCJ Director and Corrections Managers, the Juvenile Services Manager, the District Attorney, and Yamhill County Jail Captain.

These same stakeholders as well as the Yamhill County Sheriff, Information Technologies Manager, defense counsel and victim advocate also meet monthly at our Policy Team Meeting. From 2010 to 2013, Yamhill County was chosen as one of seven nation-wide seed sites to participate in the National Institute of Corrections' Evidence-Based Decision-Making Initiative (EBDMI). This was a technical assistance grant designed to help jurisdictions analyze their criminal justice systems according to an established framework, with the goal of creating an implementation plan for evidence-based decision making throughout the system. Despite the end of the technical assistance grant in 2013, the Policy Team continues to meet monthly. Our goal is to implement innovative and evidence-based programs and approaches, regularly review our outcomes and make policy decisions based on evidence to improve our local criminal justice system.

- Any anticipated changes to your program due to the impact of BM110

Yamhill County DCJ has experienced a reduction in our overall population due to BM110 implementation. Local Police and Sheriff Departments have reduced the number of arrests and citations to court due to the violation status (vs. illegal status) of possession of small quantities of controlled substances. As a result, the number of probation convictions of drug charges covered under BM110 has significantly decreased. It is difficult to forecast the totality of the impact of BM110 due to the global pandemic of COVID-19. Restrictions on local jail space, court docketing/trial and sentencing delays, and the extreme workload of the District Attorney Office, along with staff shortages, have reduced the flow of cases into the system. On a good note, this change has allowed our M57 caseload to reduce greatly from what it had been historically. In turn, this has allowed for more meaningful time spent with high and medium risk M57 identified JII's to work on case plans, which are guided by criminogenic needs and mutual goals established by the PPO and JII, as well as cognitive interventions. Also as a result of our decreased M57 caseload, we have had a decreased size in treatment and cognitive groups which has reduced the time from referral to entry into these programs.

YAMHILL COUNTY**

Contribution

If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the Department is jointly liable with the County (or would be if joined in the Third Party Claim), the Department shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the County in such proportion as is appropriate to reflect the relative fault of the Department on the one hand and of the County on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the Department on the one hand and of the County on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The Department's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the Department had sole liability in the proceeding.

With respect to a Third Party Claim for which the County is jointly liable with the Department (or would be if joined in the Third Party Claim), the County shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Department in such proportion as is appropriate to reflect the relative fault of the County on the one hand and of the Department on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the County on the one hand and of the Department on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The County's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

Alternative Dispute Resolution

The parties should attempt in good faith to resolve any dispute arising out of this Agreement. This may be done at any management level, including at a level higher than persons directly responsible for administration of the Agreement. In addition, the parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.

Indemnification by Subcontractors

County shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of County's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the contractor from and against any and all Claims.

Subcontractor Insurance Requirements

GENERAL.

County shall require its first tier contractor(s) that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance specified under TYPES AND AMOUNTS and meeting the requirements under, "TAIL" COVERAGE, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before the contractors perform under contracts between County and the contractors (the "Subcontracts"), and ii) maintain the insurance in full force throughout the duration of the Subcontracts. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to Department. County shall not authorize contractors to begin work under the Subcontracts until the insurance is in full force. Thereafter, County shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. County shall incorporate appropriate provisions in the Subcontracts permitting it to enforce contractor compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. Examples of "reasonable steps" include issuing stop work orders (or the equivalent) until the insurance is in full force or terminating the Subcontracts as permitted by the Subcontracts, or pursuing legal action to enforce the insurance requirements. In no event shall County permit a contractor to work under a Subcontract when the County is aware that the contractor is not in compliance with the insurance requirements. As used in this section, a "first tier" contractor is a contractor with which the county directly enters into a contract. It does not include a subcontractor with which the contractor enters into a contract.

TYPES AND AMOUNTS.

PROFESSIONAL LIABILITY

Professional Liability Insurance covering any damages caused by an error, omission or negligent act related to the services to be provided under the Subcontract, with limits not less than \$2,000,000, as determined by the Department:

"TAIL" COVERAGE. If any of the required insurance policies is on a "claims made" basis, such as professional liability insurance, the contractor shall maintain either "tail" coverage or continuous "claims made" liability coverage, provided the effective date of the continuous "claims made" coverage is on or before the effective date of the Subcontract, for a minimum of 24 months following the later of : (i) the contractor's completion and County 's acceptance of all Services

required under the Subcontract or, (ii) the expiration of all warranty periods provided under the Subcontract. Notwithstanding the foregoing 24-month requirement, if the contractor elects to maintain "tail" coverage and if the maximum time period "tail" coverage reasonably available in the marketplace is less than the 24-month period described above, then the contractor may request and Department may grant approval of the maximum "tail " coverage period reasonably available in the marketplace. If Department approval is granted, the contractor shall maintain "tail" coverage for the maximum time period that "tail" coverage is reasonably available in the marketplace.

NOTICE OF CANCELLATION OR CHANGE. The contractor or its insurer must provide 30 days' written notice to County before cancellation of, material change to, potential exhaustion of aggregate limits of, or non-renewal of the required insurance coverage(s).

CERTIFICATE(S) OF INSURANCE. County shall obtain from the contractor a certificate(s) of insurance for all required insurance before the contractor performs under the Subcontract. The certificate(s) or an attached endorsement must specify: i) all entities and individuals who are endorsed on the policy as Additional Insured and ii) for insurance on a "claims made" basis, the extended reporting period applicable to "tail" or continuous "claims made" coverage.
