Subject: Board Consideration: Intent to Award Electronic Health Record Procurement and Implementation
Attachments: Intent to Award Letter EHR EnSoftek (Dr Cloud).pdf

Hi Mary and Ken,

I am requesting permission to issue the attached Notice of Intent to Award and enter into contract negotiations with EnSoftek for the Electronic Health Record (EHR) System.

We issued a request for proposal (RFP) for a new Electronic Health Record (EHR), Procurement and Implementation. Our current EHR solution is through Raintree Systems. Raintree Systems notified us in October 2022 they will no longer be offering anything outside of standard support to their non-physical therapy customers. As a result, HHS needs to select and implement a new EHR solution.

We received 10 proposals in response to the RFP. An evaluation committee reviewed and scored the proposals. After scoring, the top three proposers were interviewed: EnSoftek, OCHIN and Patagonia.

EnSoftek scored highest in the initial proposal scoring and the interview. Based on the scoring and interview, I recommend we proceed with negotiating the contract with EnSoftek for the EHR Procurement and Implementation.

Carolina/Bailey, please place this agreement on the next Board Agenda for approval. Suggested Board Agenda language:

"Approval of the notice of Intent to Award a contract to EnSoftek for the Yamhill County HHS Electronic Health Record (EHR) Procurement and Implementation".

Thank you,

Lindsey Manfrin, DNP, RN
