FTA Section 5310, 5311 and STIF

NOTICE IS HEREBY GIVEN that the Yamhill County Board of Commissioners (BOC) intends to apply to the Oregon Department of Transportation (ODOT) for Federal Transit Administration (FTA) Section 5310 and Section 5311 grant funds and State Transportation Improvement Fund (STIF), formerly known as Special Transportation Fund (STF). The Yamhill County Transit Advisory Committee (YCTAC) is responsible for reviewing all applications and will make recommendations to the Board of Commissioners.

The **FTA Section 5310 Enhanced Mobility for Seniors and People with Disabilities** formula funding is for capital costs for serving older adults and persons with disabilities. ODOT allocates these funds to the County/Yamhill County Transit (YCT). YCT works with local stakeholders to allocate funds locally. YCT typically uses the funds for service delivery contracts in addition to capital costs such as vehicles. The local match rate is 10.27%. Interested transportation providers, who transport county residents who are older adults or persons with disabilities, may apply for funding of programs and projects that maintain, enhance, or expand transportation services in Yamhill County. Funding is available for preventive maintenance and/or capital.

The **FTA Section 5311 Formula Grants are for areas other than urbanized areas**. Formula funding is for operations and capital costs for rural transit services. YCT typically uses these funds for its operating contract including contracts with third party contractors. The local match rate is 43.92%.
