in regular session, Commissioners Ted Lopuszynski, Colin Armstrong and
John P. Macaulay being present.

WHEREAS, the Board of Commissioners enacted Ordinance #83 on the
11th day of February, 1976, being the Yamhill County Zoning Ordinance
and Official Zoning Map, and

WHEREAS, Yamhill County has applied for amendments to the said
Zoning Ordinance as described hereinbelow, and

WHEREAS, the Newberg and Yamhill Planning Advisory Committees and
the Yamhill County Planning Commission reviewed the proposed amendments
and recommended that the amendments be initiated, and

WHEREAS, on the 1st day of June, 1977, the Board of Commissioners

   by a month's time.
2. That the changes would still allow the Board an opportunity to

ORS 215. 213(3) and Articles IV and VI of this Ordinance,

(4) is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, and location and size of tract; and
(5) complies with such other conditions as the Commission considers necessary, and provided that:
(a) no conditional use permit authorized under Section 11.370 of this Ordinance shall be permitted on any lot or site if its approval will reduce the parcel being partitioned or subdivided below forty (40) acres in size; and
(b) where proposed, a location and site plan shall first be prepared and approved by the Commission clearly delimiting and designating the land area deemed to be unsuitable for the production of farm crops and livestock, but suitable for single-family dwellings or mobile homes; and
(c) a subdivision or partition application shall be made and approved under the provisions of Ordinances adopted by Yamhill County controlling subdivision and partitioning adopted pursuant to ORS 92.004 and ORS 92.006 in respect to the land area designated and approved herein for residential use; and
(d) the overall residential density of any land area designated and approved herein for residential use, or any portion thereof to be developed in stages, shall not exceed one (1) dwelling per two and one-half (2½) acres and the minimum lot size shall not be less than one (1) acre; and
(e) the number of lots to be created from any lot, site, or land under the same ownership in any calendar year shall not exceed ten (10), and no additional lots shall be created until at least one-half (½) of those already created are occupied by single-family dwellings or mobile homes.
