STATEMENT FOR CHANGE OF PLAN-DESIGNATION AND ZONE FOR TAX LOT #2402-2000

Description

This 45-acre tax lot is proposed to remain in the Gaston Urban Growth Boundary. The southern 15 acres are developed in a mobile home park; approximately 7 acres abutting Highway 47 are in industrial use; about 12 acres at the northern tax lot boundary are in open space and floodplain and constitute a significant drainageway for hilly lands to the west; and approximately 11 acres are in open space, wedged between the mobile home park and the drainageway area (see attached map).

About one-half of the tax lot is already in urban use; and this existing urban-use acreage, plus the 15 acres that is presently vacant, are plan-designated by the City of Gaston for Low Density Residential use upon annexation. The 12 acres of floodplain and open space along Olsen Road are plan-designated by Gaston for Floodplain upon annexation to the City.

Action Required

Gaston's Continuance Order from LCDC specified that Yamhill County must apply a zone to the 12 floodplain-drainageway acres consistent with the Gaston Plan in order to protect this area from conflicting land uses prior to annexation.

Due to the already existing urban uses on this property and to the necessity of protecting the natural features of the drainageway, the County's AFSH plan-designation and AF-10 zone are the most appropriate tools. The AFSH/AF-10 action would:

1. Protect the drainageway-floodplain area from urban uses prior to City annexation; and
2. Limit expansion of urban uses on the remainder of the property until City annexation.

Plan Policies

The AFSH/AF-10 action is consistent with the following County Plan Goal:
--To encourage the containment of growth within existing urban centers, provide for the orderly, staged, diversified and compatible development of all of the cities of Yamhill County, and assure an efficient transition from rural to urban land use.

The AFSH/AF-10 action also is compatible with the Yamhill County-Gaston Urban Growth Management Agreement, which states "The City is recognized as the ultimate provider of urban services within the Urban Growth Boundary." The Agreement further states that: "The City and Yamhill County shall encourage urbanization within the boundary to occur in an orderly and efficient manner, resulting in a compact, balanced urban center meeting long-term economic and social needs of the residents of the area regardless of political boundaries."
