Whereas, supplemental funds have been made available to counties for treatment of drug-addicted persons, in accordance to OAR Chapter 291, Division 31;

Whereas, supplemental funds are made available to counties based on a formula that matches the COUNTY’s percentage share of community corrections grant-in-aid funds;

- B. Plan Modifications: COUNTY and DEPARTMENT agree that the Plan must remain a flexible instrument capable of responding to unforeseen needs and requirements. A copy of all Plan Modifications will be marked in sequence beginning with the designation "Plan Modification 1" and attached to the above-mentioned Plan.

IV AMENDMENTS GENERALLY

The terms of this Agreement shall not be waived, altered, modified, supplemented or amended, in any manner whatsoever, except by written Amendment signed by the parties. An Amendment shall become effective only after all parties have signed and all approvals have been obtained.

V DUTIES AND RESPONSIBILITIES OF COUNTY

- A. COUNTY shall assume administrative responsibility to provide services as outlined in the Plan.
- B. COUNTY shall incorporate the principles described below into the Plan:
 - 1. Treatment programs shall be evidence-based. Evidence-based programs are delivered consistent with the findings in research about what works best to reduce recidivism.
 - 2. Assessment which is standardized, objective, and comprehensive shall be used to prioritize treatment, determine criminal risk factors, and to determine the proper level of care. Assessments of risk shall be based on actuarial risk assessment tools.
 - 3. Rules, requirements and expectations for Participants, including consequences for success and for failure are made formal and clear by an authority figure.
 - 4. An individual case plan shall be developed for each Participant. The case plan shall include criminal risk factors in addition to addiction that will be addressed in treatment.
 - 5. Treatment program design shall address issues of motivation. Treatment options shall be available for Participants consistent with their assessed stage of change.
 - 6. Treatment program design shall be culturally competent and responsive when identifying individuals who would be best served by a specific program.
 - 7. Treatment shall be based on cognitive and behavioral interventions and social learning approaches. Treatment programs shall be of sufficient length and intensity to produce stable behavior changes based on replacing old

patterns of thinking and behaving and learning and practicing new skills for avoiding drug use and criminal behavior.

8. The Plan shall utilize a system of graduated Sanctions and incentives which are swift and certain and which encourage recovery goals while holding Participants accountable for non-compliant behaviors.
 9. Drug testing may be used as a treatment or accountability tool. There shall be a response, either an intervention or sanction, for this or any other rule violation, but that response shall not automatically result in withdrawal from treatment. Sanctions shall be administered in a manner to assure longer stays in treatment which are associated with good outcomes.
 10. Co-ed treatment shall be avoided if possible.
 11. Programs shall include relapse prevention planning and comprehensive transition planning so that participants are more likely to adjust to the next level of care or change in living situation.
 12. Addictions treatment programs must be licensed by the State of Oregon to provide addictions treatment.
- C. COUNTY shall incorporate the following data requirements into the Plan:
1. COUNTY will identify Participants through the indicating 'Y' under the M57 Tx data field, located in the Treatment Module.
 2. The start and stop date of the actual program participation, as well as program exit code, will be entered into the CIS Treatment Module.
 3. Program Participants will be assessed for level of severity of addiction, using the Texas Christian University assessment tool (available at no cost), and enter corresponding data as determined by DEPARTMENT.
- D. COUNTY will prepare and furnish such data, descriptive information and reports as may be requested by DEPARTMENT as needed to comply with ORS 423.520, which states in part, "The department shall require recipients of the grants to cooperate in the collection and sharing of data necessary to evaluate the effect of community corrections programs on future criminal conduct." COUNTY will enter data into the Statewide Evaluation and Information System in a complete, accurate, and timely manner. COUNTY acknowledges and agrees that DEPARTMENT has the right to reproduce, use and disclose all or any part of such reports, data and technical information furnished under this Agreement.
- E. COUNTY will permit authorized representatives of DEPARTMENT to make such review of records of COUNTY as may be necessary to satisfy audit and/or program review purposes. A copy of any audit or monitoring report will be made available to COUNTY.
- F. COUNTY will follow DEPARTMENT's prescribed allotment and expenditure reporting system in accordance with Exhibit A. This system will be used for

controlling Supplemental Funding Intervention Grant funds by DEPARTMENT and to provide suitable records for an audit.

- G. If funding from DEPARTMENT is reduced or discontinued by legislative action, COUNTY will not be required to increase use of COUNTY revenue for continuing or maintaining corrections services as set out in this Agreement.

VI DEPARTMENT RESPONSIBILITIES. The DEPARTMENT will:

- A. Participate according to this Agreement.
- B. Provide funding as described in Section VIII of this Agreement.

- F. DEPARTMENT will provide technical assistance to COUNTY in implementing and evaluating COUNTY's Plan.

VII PERFORMANCE GOALS

- A. Treatment programs are evidence-based, as evaluated by the Corrections Program Checklist.
- B. Recidivism is reduced: Participants will recidivate at lower rates than similar untreated adults on supervision.
- C. Participants reduce drug use: Results of random urinalysis will be analyzed.
- D. Participants show evidence of improved community functioning: Improved community functioning will be measured by successful completion of the program and through the existing community corrections performance measures (successful completion of supervision, employment, payment of restitution and/or community service work).

VIII FUNDS

- A. Exhibit A identifies the Supplemental Funding Intervention Grant funds authorized under this Agreement for the implementation of the Plan during the term of this Agreement.
- B. Payment to COUNTY will be made in two payments. One-half of the Grant funds will be disbursed to County within 15 days after execution of this Agreement. The second half of the Grant funds will be disbursed on July 1, 2026.

- D. Unexpended Funds: Grant fund balances remaining at the termination of this Agreement may be retained by the COUNTY, upon approval by DEPARTMENT, for the provision of on-going supervision, correctional services, and sanctions in accordance with the Plan.

IX NONCOMPLIANCE

- A. The Assistant Director of Community Corrections or the Assistant Director's designee of the Community Corrections Division shall review COUNTY's compliance with this Agreement. COUNTY must substantially comply with the provisions of the Plan received by DEPARTMENT and this Agreement.

If, upon review, DEPARTMENT determines that there are reasonable grounds to believe that COUNTY is not in substantial compliance with the Agreement or Plan, including but not limited to COUNTY has failed to meet standards of evidence-based treatment programs as required in Section V.B.1, DEPARTMENT and COUNTY shall proceed in accordance with OAR Chapter 291-031, to reach compliance or, if compliance is not obtained, to suspend funding.

Yamhill County Department of Community Justice (YCDCJ) DOC M57 2025-27 Supplemental Fund Narratives

Please provide a brief summary of the overall design of your M57 Supplemental Fund program as it exists today (ie., Drug Court, intensive supervision coupled with treatment, etc). The summary should include: The population being served; again, it would be helpful for you to indicate if these funds are being used solely for your drug court population.

Yamhill County Department of Community Justice (YCDCJ) has held a close partnership with Yamhill County Health & Human Services (HHS) to coordinate programming for our M57 population. With the recent retirement of the program facilitator, an HHS employee, we have taken the opportunity to hire an in-house Corrections Program Specialist to fill this position. Our intention is to continue collaboration with HHS for a seamless transition of programs and services currently offered, and by hiring an in-house Program Specialist, have an enhanced ability to make any necessary programmatic changes to evolve the program over time.

In addition to funding the Corrections Program Specialist FTE position, programs and services offered consist of:

- Intensive supervision with cognitive and motivational interventions for approximately 50 medium/high risk AOS (all Measure 57 offenses, including felony predicate offenses).
 - Level of Services Case Management Inventory (LSCMI) for our male population, Women's Risk Needs Assessment (WRNA) for our female population.
 - Case plans that address criminogenic needs, stage of change, short and long-term goals, responsivity issues, risk, and AOS strengths.
 - University of Rhode Island Change Assessment (URICA) stage of change assessment is administered upon intake into community supervision.
 - Texas Christian University (TCU) level of addiction severity screening tool will be used to identify alcohol and drug abuse.
 - Referrals by the PPO to specialized program options based upon risk assessment, criminogenic needs, stage of change assessment, and severity of the addiction.
- Ann Fields' Motivation to Change class (all genders).
- Thinking 4 a Change (male).
- Moving On (female).
- University of Cincinnati Employment Readiness curriculum (locally termed SEA class-Sustained Employment Always) (all genders).
- Ready to Work (all genders).
- Incentives.
- Yamhill County Adult Drug Court (ARC) and Court Coordinating Services (CCS- Behavioral Health Court) play an important role in our cognitive programming. ARC and CCS are strong programs

by themselves; however, many clients are dual enrolled in our cognitive programming and a treatment court, providing that much more program and supervision dosage. In addition, AOS enrolled in cognitive programming are continuously reviewed/screened for referral to a treatment court, if not already enrolled.

Another population served by our cognitive programming is the Justice Reinvestment, SMART sentencing, project AOS. The SMART sentencing program is based on evidence-based decision-making principles and funded by the Justice Reinvestment grant through the Oregon Criminal Justice Commission. It provides the state and the defense a report (DAR) based on individualized risk assessments to aid in assessing a defendant's amenability to evidence-based programs on community supervision. The assessments are grounded in evidence-based studies that demonstrate that "Risk-Needs" assessments can identify a person's criminogenic risk factors and identify needs and programs to address those factors and needs with the overarching goal of improved public safety through reduce recidivism. The DAR operates on the principle that many individuals are more likely to succeed in community supervision than in a correctional facility if their risk factors are addressed through cognitive and other proven practices. Most AOS that are deferred from prison via our SMART sentencing project are required to participate in our cognitive programming.

The treatment programs being used and the intensity and duration that has been designed into your approach.

Our mission is to target individuals who are high risk for re-offense as determined by the LSCMI or WRNA risk assessments. In addition, it is understood that not all individuals with high need for substance abuse treatment are internally motivated at the time of referral. Initial services include a pre-test, administration of the URICA and completion of a 5-session motivational group. Phase II includes individual and group participation for 3-9 months in T4C for male AOS and Moving On participation for 6 months for female AOS, depending on their criminogenic needs. At the end of phase II, clients are re-assessed with the URICA and complete a post-test, to determine if any program components need to be repeated. At any point in program participation, program staff may recommend that an AOS enter traditional outpatient substance use disorder services at HHS if motivation is high and treatment needs will be better addressed through one of the traditional service sites. Lastly, client efficacy surveys are administered to ensure ongoing program fidelity and customer service.

Employment support programming includes the University of Cincinnati Employment Readiness program (SEA class) and Ready to Work. SEA class is a three-month group course designed for individuals who are moderate to high need in the area of employment. The curriculum integrates cognitive behavioral interventions with more traditional employment approaches. The program teaches individuals how to identify and manage high risk situations related to obtaining and maintaining employment. Heavy emphasis is placed on skill building activities to assist with cognitive, social, emotional, and coping skill development for the work environment. Using a modified closed group format with multiple entry points, the curriculum is designed to allow for flexibility across various service settings and intervention lengths. Lastly, client efficacy surveys are administered to ensure ongoing program fidelity and customer service.

Ready to Work is an individualized, goal-centered, program wherein program staff work directly with AOS on job search techniques such as computer access/education, application support, mock

interviews and ongoing problem-solving support once successfully employed. Staff connect AOS with other community resources all with the goal of obtaining and maintaining employment, and/or furthering educational goals. Program involvement is dependent on completion of individualized goals centered around maintaining employment/education. Lastly, client efficacy surveys are administered to ensure ongoing program fidelity and customer service.

Per our last DOC completed CPC in 2021, our cognitive restructuring programs received an overall score of 65%, which falls into the “highly effective” category.

The types of sanctions that are available and what you see being utilized as well as any existing rewards/reinforcers used to motivate the offenders to succeed.

Program participants review/sign participant agreements for all programs at the time of orientation. Agreements include expectations and an outline of interventions for both positive and negative AOS. Program rules are posted and reviewed regularly, with re-enforcements continuously provided. Rules are generally centered around attendance, behavior while in group sessions, confidentiality, and completion of homework.

Sanctions involve coordination with the Parole & Probation Officer, which may include anything from an intervention meeting (program facilitator/PPO/AOS) around behavior modification, escalating to cognitive behavioral tool assignments such as Carey Guides, to community service imposition, electronic monitoring, or custody sanctions.

Our programs rely heavily on gift cards as positive reinforcers and are administered at both targeted intervals (module completions) and for identified positive behaviors observed by program staff. Other reinforcers administered by program staff include verbal and written praise, as well as fishbowl items.

For PPO imposed interventions, the Oregon administrative sanction and reinforcers grids are strictly adhered to.

What collaborations exist between you and your local criminal justice partners or what partnerships have been created since the original implementation of your M57 Supplemental Fund program.

Yamhill County is fortunate to have an excellent team of stakeholders who regularly collaborate on community justice issues. There are regular Local Public Coordinating Committee (LPSCC) meetings focused on solving operations issues, as well as designing policy.

One example of such collaborative policy development is the Yamhill County “Red Line Exemption” policy. This was a joint effort that stemmed from the lack of funding for misdemeanor supervision conflicting with the local judicial orders requesting supervision of all misdemeanor cases by YCDCJ. While a small amount of County funding was available for such misdemeanor supervision, it became necessary for YCDCJ to collaborate with the judicial, DA’s office, defense and crime victim’s organizations to develop a policy, also referred to as a grid, wherein certain misdemeanor offenses would not routinely be sentenced to formal probation but rather bench probation or other non-supervised sentence. This policy has re-surfaced from time-to-time with changes in partnering staff, however, is a prime example of the collaborative nature and relationships in Yamhill County.

In addition to our strong and cohesive LPSCC group, the M57 program was designed around partnerships between PPO staff and program facilitation staff. There are regular case staffing meetings between both staff, both scheduled routinely, and as needed. Program staff are now housed in the YCDCJ building making teamwork that much more routine.

Strong partnerships also exist with many local non-profit mentoring and housing programs. Mentoring services are provided through a partnership with Provoking Hope (and HHS) for those in need of additional support. Local sober housing is also available through Helping Hands Recovery, Provoking Hope (Hope House), and our local Oxford Houses.

Any changes to your program with the passage of HB4002?

As a result of the passage of HB4002, and an influx in related cases, YCDCJ attempted to hire one additional PPO FTE. Through a series of intensive recruitment efforts, a qualified individual was not found. This, in combination with the 2025-27 state DOC budget shortfall, has led us to not re-open this position but rather re-allocate workload internally to accommodate HB4002 cases. Our programs have absorbed the influx in cases via HB4002, for the time being, and we will continue to monitor numbers as it pertains to resource allocation.

Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the Department is jointly liable with the County (or would be if joined in the Third Party Claim), the Department shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the County in such proportion as is appropriate to reflect the relative fault of the Department on the one hand and of the County on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the Department on the one hand and of the County on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The Department's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the Department had sole liability in the proceeding.

This may be done at any management level, including at a level higher than persons directly responsible for administration of the Agreement. In addition, the parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.

Indemnification by Subcontractors

County shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of County's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the contractor from and against any and all Claims.

Subcontractor Insurance Requirements

GENERAL.

County shall require its first tier contractor(s) that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance specified under TYPES AND AMOUNTS and meeting the requirements under, "TAIL" COVERAGE, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before the contractors perform under contracts between County and the contractors (the "Subcontracts"), and ii) maintain the insurance in full force throughout the duration of the Subcontracts. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to Department. County shall not authorize contractors to begin work under the Subcontracts until the insurance is in full force. Thereafter, County shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. County shall incorporate appropriate provisions in the Subcontracts permitting it to enforce contractor compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. Examples of "reasonable steps" include issuing stop work orders (or the equivalent) until the insurance is in full force or terminating the Subcontracts as permitted by the Subcontracts, or pursuing legal action to enforce the insurance requirements. In no event shall County permit a contractor to work under a Subcontract when the County is aware that the contractor is not in compliance with the insurance requirements. As used in this section, a "first tier" contractor is a contractor with which the county directly enters into a contract. It does not include a subcontractor with which the contractor enters into a contract.

TYPES AND AMOUNTS.

PROFESSIONAL LIABILITY

Professional Liability Insurance covering any damages caused by an error, omission or negligent act related to the services to be provided under the Subcontract, with limits not less than \$2,000,000, as determined by the Department:

"TAIL" COVERAGE. If any of the required insurance policies is on a "claims made" basis, such as professional liability insurance, the contractor shall maintain either "tail" coverage or continuous "claims made" liability coverage, provided the effective date of the continuous "claims made" coverage is on or before the effective date of the Subcontract, for a minimum of 24 months following the later of : (i) the contractor's completion and County 's acceptance of all Services

required under the Subcontract or, (ii) the expiration of all warranty periods provided under the Subcontract. Notwithstanding the foregoing 24-month requirement, if the contractor elects to maintain "tail" coverage and if the maximum time period "tail" coverage reasonably available in the marketplace is less than the 24-month period described above, then the contractor may request and Department may grant approval of the maximum "tail" coverage period reasonably available in the marketplace. If Department approval is granted, the contractor shall maintain "tail" coverage for the maximum time period that "tail" coverage is reasonably available in the marketplace.

NOTICE OF CANCELLATION OR CHANGE. The contractor or its insurer must provide 30 days' written notice to County before cancellation of, material change to, potential exhaustion of aggregate limits of, or non-renewal of the required insurance coverage(s).

CERTIFICATE(S) OF INSURANCE. County shall obtain from the contractor a certificate(s) of insurance for all required insurance before the contractor performs under the Subcontract. The certificate(s) or an attached endorsement must specify: i) all entities and individuals who are endorsed on the policy as Additional Insured and ii) for insurance on a "claims made" basis, the extended reporting period applicable to "tail" or continuous "claims made" coverage.
