Oregon Center for Children and Youth with Special Health Needs

Introduction

2026-2030 Oregon Title V CYSHCN - National Priorities:

- Medical Home
- Health Care Transition

2026-2030 Oregon Title V CYSHCN - State Priorities:

- Person and Family-Centered Care
- Caregiver Support

Population of Focus – children and youth with special health care needs (CYSHCN):

“Children with special health needs are those who have or are at risk for a chronic physical, developmental, behavioral or emotional condition and who also require health and related services of a type or amount beyond that required by children generally (McPherson, et al., 1998, p. 138).”

Subcontractors are local public health authorities (LPHAs) who agree to:

- adhere to the scopes of work.
- complete services for CYSCHN and their parent/caregiver (if applicable) as described in this contract.
- submit all required deliverables as outlined in Attachment E.

Oregon Center for Children and Youth with Special Health Needs

SCOPE OF WORK: CaCoon

CaCoon is a relationship and strength-based public health nurse (PHN) home visiting program. CaCoon home visitors partner with families with children and/or youth with disabilities or unique health care needs. They support them to access and coordinate quality health care and the community supports they have a right to.

GOALS

- Improve the health and well-being of children and youth with special health care needs (CYSHCN) and their families through public health home visiting.
- Increase families' knowledge, skills and confidence to care for their CYSCHN.
- Partner with families to coordinate care and services for their CYSCHN.

ELIGIBILITY

The Maternal and Child Health Bureau (MCHB) defines children and youth with special health care needs (CYSHCN) as "children who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions. They also require health and related services of a type or amount beyond that required by children generally."

CaCoon program services are available to:

- Any child, birth through 20 years of age (up to their 21st birthday), who fits the above definition and has a diagnosis detailed in the "Diagnosis" column of Table 2 in the [State Plan Amendment](#). Public Health Nurses may use their professional judgement if a client has a chronic health condition or disability that is not specifically identified on the list by assigning "Other chronic conditions not listed."
- Parents or primary caregivers of enrolled children or youth. Eligibility is detailed in TCM OARs [410-138-0020](#) and [410-138-0040 Table 1](#).
- Children and their families may be seen without regard to economic or insurance status based on local agency policy.

Local programs are encouraged to assess the needs in their community, as well as their program capacity, and target a specific population within the eligibility lists. Please inform the CaCoon consultant of these plans.

RESPONSIBILITIES

Attachment A-II

The subcontractor's Principal Investigator (PI) is responsible for compliance with this subcontract. The PI may designate an alternate (CaCoon Lead) to serve as the principal point of contact with OCCYSHN.

Subcontractors adhere to the standards detailed in the [Babies First!/CaCoon Manual](#) and the **CaCoon Standards** (Attachment C). Subcontractors will participate in OCCYSHN's evaluation planning activities, which will consist of up to three interviews with members of OCCYSHN's team and completion of surveys, as requested by OCCYSHN. To meet contract requirements, the **CaCoon Accountability Report** must be submitted after the end of the fiscal year. Please see Attachment E for details and the full list of deliverables.

Oregon Center for Children and Youth with Special Health Needs

Use of Allotment Funds [Section 504]

The SUBAWARDEE may use funds for the provision of health services and related activities (including planning, administration, education, and evaluation) consistent with its application. It may also purchase technical assistance if the assistance is required in implementing programs funded by Title V.

Funds may be used for salaries and other related expenses of National Health Services Corps personnel assigned to the State.

Funds may not be used for cash payments to intended recipients of health services or for purchase of land, buildings, or major medical equipment.

Funds may not be provided for research or training to any entity other than a public or non-profit private entity.

Funds may not be used for inpatient services, other than for children with special health care needs or high-risk pregnant women and infants or other inpatient services approved by the Associate Administrator for Maternal and Child Health. Infants are defined as persons less than one year of age.

Funds may not be used to make payments for any item or service (other than an emergency item or service) furnished by an individual or entity excluded under Titles V, XVIII (Medicare), XIX (Medicaid), or XX (Social Services Block Grant) of the Social Security Act.

MCH Block Grant funds may not be transferred to other block grant programs.

All funds must be spent in accordance with Title V guidance, OCCYSHN program guidance and Federal Uniform guidance.

Oregon Center for Children and Youth with Special Health Needs
CaCoon (CAre COordinatiON) Program

Mission: The Oregon Center for Children and Youth with Special Health Needs (OCCYSHN) improves the health, development, and well-being of all of Oregon’s children and youth with special health care needs.

Vision: All of Oregon’s children and youth with special health care needs (CYSHCN) are supported by a system of care that is family centered, community-based, coordinated, accessible, comprehensive, continuous, and culturally competent.

Population of Focus – Children and Youth with Special Health Care Needs (CYSHCN):

The federal Maternal and Child Health Bureau defines children with special health needs as “those who have or are at increased risk for a chronic physical, developmental, behavioral or emotional condition and who also require health and related services of a type or amount beyond that required by children generally.” (McPherson, M., Arango, P., Fox, H. et al. (1998). A new definition of children with special health care needs. *Pediatrics* 102:137-140.)

CaCoon Program:

CaCoon is a statewide public health program that provides community-based care coordination through registered nurse home visiting for families with CYSHCN.

CaCoon Program Eligibility:

CaCoon program services are available to:

- Any child, birth through 20 years of age (up to their 21st birthday), who fits the above definition and has a diagnosis detailed in the "Diagnosis" column of Table 2 in the [State Plan Amendment](#). Public Health Nurses may use their professional judgement if a client has a chronic health condition or disability that is not specifically identified on the list by assigning “Other chronic conditions not listed.”
- Parents or primary caregivers of enrolled children or youth. Eligibility is detailed in TCM OARs [410-138-0020](#) and [410-138-0040 Table 1](#).
- Children and their families may be seen without regard to economic or insurance status based on local agency policy.

Local programs are encouraged to assess the needs in their community, as well as their program capacity, and target a specific population within the eligibility lists. Please inform the CaCoon consultant of these plans.

CaCoon Standards:

1. Establish and maintain a triage system that prioritizes CaCoon services for the most vulnerable children and youth with special health care needs.
2. In situations where home visiting services are unavailable for a referred individual, at a minimum:

- Ensure the client/family has access to a [primary care medical home](#).
 - Notify the referral source that CaCoon services will not be provided, and provide rationale for denial.
3. Contact with family is initiated preferably within three (3) business days (up to ten (10) business days, if needed) of receiving the referral.
4. Collaborate with the client's broader care team* to assess the following:
- Client/family's strengths, needs, and goals.
 - Client/family's health literacy status, and related health-related learning needs.
 - Client's functional status and limitations and ability for activities of daily living, and participating in school and recreation.
 - Ensure appropriate screenings and referrals regarding physical, developmental, mental and behavioral health, and oral health as per [American Academy of Pediatrics Bright Futures guidelines](#), in coordination with primary and subspecialty health care providers.
 - Access to primary and needed subspecialty health care providers, therapies and social supports.
 - Access to supportive medical and/or adaptive equipment and supplies, e.g. suction machine, wheelchair, medications, formula, and feeding tube.
 - Screening regarding Social Determinants of Health as per [American Academy of Pediatrics Bright Futures guidelines](#).
 - Client/family's emergency and disaster preparedness planning.
 - For youth aged 12 years and older, assess youth and family preparedness for transition to adult health care, education, work, and independence.
 - Client/family's satisfaction regarding services they receive.
5. In partnership with the client/family and the broader care team*, nurses serving CaCoon clients will develop a nursing plan of care which:
- Addresses identified needs.
 - Includes goals, progress notes, and plans for discharge from CaCoon services.
 - Addresses access to appropriate care, services and resources.
 - Demonstrates evidence of effective cross-systems care coordination, including:
 - Timely and appropriate referral to needed services and community resources.
 - Identification and problem-solving around barriers to referral follow-up.
 - Identification and elimination of redundancy of services.
 - Timely and informative updates that are shared with appropriate members of the broader care team*, including the primary care provider and the family.
 - Demonstrates evidence of client/family-centeredness, including:
 - Strategies to increase the client/family's health literacy capacity (e.g. how to obtain, process, and understand health information to facilitate informed decision about health care).
 - Client/family partnership.

- Interventions that increase the client/family’s capacity to implement the nursing plan of care, e.g. caregiver support, teaching, and provision of anticipatory guidance.
 - Ensures cultural and linguistic sensitivity and responsiveness.
 - Provides for visits that are sufficient in frequency and length to achieve the goals outlined in the care plan.
 - Anticipates and supports youth transition to adult health care, work, and independence.
 - Is re-evaluated as required with changing circumstances, but at least every six months.
6. Collect required data on client visits and enter it into the state designated data system (THEO) within ten (10) business days of visiting the client.
 7. CaCoon staff and supervisor(s) actively participate in education that improves their CaCoon practice:
 - New staff should complete the Babies First!/CaCoon Orientation Checklist and attend the Babies First!/CaCoon Virtual Orientation (which takes place in June and December of each year).
 - All CaCoon staff should attend their annual OCCYSHN Regional Meeting.
 - All CaCoon staff should attend the monthly Nurse Home Visiting Community of Practice.
 8. Designate a CaCoon Lead. The CaCoon Lead has the skills and authority to lead the CaCoon program, assure accountability for contracted responsibilities, and to be the key point of contact with OCCYSHN. The CaCoon Lead submits the Annual CaCoon Accountability Report and the Shared Care Planning End-of-Year Report, if applicable.
