Dear Fellow Yamhill County Voter,

This is your Yamhill County Voters' Pamphlet for the November 3, 2020, General Election. This pamphlet provides a forum for candidates to introduce themselves. You will also find information about various measures for your consideration. Each jurisdiction submitting a measure prepares its own Ballot Title and Explanatory Statement.

Candidate statements and measure arguments are included in this pamphlet after paying a fee.

We print the text of each statement or argument exactly as the author submitted it. Text is cut off after exceeding the maximum number of words allowed. The law forbids us from making corrections for punctuation, grammar, syntax errors or inaccurate information. Those submitting statements and arguments for the voters' pamphlet are solely responsible for their content. We cannot create content for those that do not submit statements.

The Secretary of State draws a random alphabet sortation unique to each election. Candidates appear in that order both in this pamphlet and on the ballot.

This pamphlet includes all measures and races in the county for this election. However, your ballot will only include those relevant to you.

There is at least one "Official Ballot Drop Site" located in each city in the county. Look for the list of Official Ballot Drop Sites in this pamphlet or on our website. You may deposit your ballot in any drop site listed, 24 hours per day.

Ballots deposited in an Official Ballot Drop Site get to us postage-free.

The State of Oregon now supplies you with a **postage-paid envelope** for returning your ballot, but **we must receive your ballot before 8:00 p.m.** on Election Day.

Remember, **postmarks do not count.** Even though your ballot can be mailed back to our office in the provided postage-paid envelope, your ballot must be in an Official Ballot Drop Site or at the Yamhill County Clerk's Office by **8:00 p.m.** on Election Day, **November 3, 2020.**

We invite any voter who needs assistance in voting because of any disability to contact us. We will make every effort to meet your voting needs. Please contact us at your earliest convenience.

Sincerely,

Yamhill County Clerk's Office

Yamhill County Clerk

Brian Van Bergen

Occupation: Yamhill County Clerk

Occupational Background:
Account Manager and Digital Store Front Manager, Lynx Group (Salem), Vice-President of Administration, after serving as Customer Service Manager, Inside Sales, Purchasing and

Estimating, Times Litho (Forest Grove); General Manager, Printistry (McMinnville).

Educational Background: Linfield College, Accounting, Certificate; George Fox University, Management and Business Information Systems, Bachelor of Science; Amity High School, Diploma

Prior Governmental Experience: Yamhill County Clerk

The Yamhill County Clerk's office provides first-class customer service to all Yamhill County citizens while maintaining public records, issuing marriage licenses, processing passport applications and being the County's Chief Election Office. Regarding qualifications for Clerk, I am:

Homegrown: I was born and raised in Yamhill County and have lived in Dundee, Amity, Newberg and McMinnville.

Principled & Fair: You can count on me to be ethical in every decision and remain objective, fair and impartial. The Constitution and Oregon laws are my guides, and I strictly follow them.

Thrifty: Each government agency needs to carefully manage taxpayers' resources. I have helped pull businesses through lean times and am doing the same for the Clerk's office.

Receptive: I have successfully managed teams through business recoveries by actively seeking and being receptive of ideas from all involved and I do the same as your County Clerk.

Energetic: No day is complete until something useful is achieved. As your County Clerk, I work daily to assure the office serves Yamhill County.

Creative: I have proven business experience finding unique ways to get things done faster, leaner and better than before. I continually seek improvements throughout the Clerk's office.

Improving: Learning yields improvement. I have completed the AOC Leadership Institute and the USPS mailpiece design course as well as numerous DOR BoPTA, SOS elections, and State Department passport trainings.

The County Clerk's job takes work, dedication and competence. I hope I have earned your trust and confidence and I ask for your vote. It would be an honor and privilege to continue serving you.

Please vote for **Brian Van Bergen**

Yamhill County Treasurer

Paulette Alexandria

Occupation: Retired Investment Financial Manager, Current Multi-Million Dollar Portfolio Manager

Occupational Background: Citigroup Registered Investment Advisor; Smith Barney Investment Consultant; Department Manager, Oregonian; Business Professor,

Southern Oregon University, Rogue Community College, Northwest Christian College

Educational Background: Master of Business Administration (MBA), cum laude; Bachelor of Science in Business Administration; Advanced Certified Public Funds Investment Manager (ACPFIM); Certified Government Investment Officer (CGIO); Series 7, 31, 63, 65 investment licenses

Prior Governmental Experience: Yamhill County Investment Advisory Committee, Member; Oregon Association of County Treasurers and Finance Officers; Marion County Planning Commission; Marion County Soil and Conservation District

The only candidate endorsed by:
Taxpayers Association of Oregon

County taxpayers rely on the Treasurer to protect and grow our assets and **I am eager to put my 30 + years of financial, investment and business management experience to work.** As a financial professional, I will manage the preservation and growth of county funds in accordance with the County Investment Policy Statement utilizing the same prudent approach I used at Smith Barney where I helped manage \$1.2 Billion in assets.

Yamhill County needs a Treasurer who is a financial investment professional with verifiable experience and a track record of managing assets through challenging market cycles.

I am certified as:

- **Advanced Certified Public Funds Investment Manager (ACPFIM)/ Association of Public Treasurers of the US and Canada**
- **Certified Government Investment Officer (CGIO)/ Government Investment Officers Association**

"Paulette Alexandria is the most qualified candidate in this race to manage the County's funds in these uncertain times."

~**Commissioner Mary Starrett**

"As a member of the county's budget committee, I've seen firsthand how important it is for our Treasurer to participate in budget discussions and provide a clear picture of how our investments are managed. Paulette is the only person I trust in this race to serve taxpayers responsibly."

~**Commissioner-Elect Lindsay Berschauer**

Yamhill County Treasurer

Kris Bledsoe

Occupation: Retired Financial Manager, Pension Fund Manager

Occupational Background: Shearson Investment Advisor; Chase Private Banker; Bank Portfolio Manager; Bank Legal Compliance Officer; Bank Auditor; American Bankers Association

Economics Instructor

Educational Background: Certified Government Investment Professional, GIOA; BA Economics (Honors), University of Washington; Fundamentals of Sustainable and Impact Investment, US/SIF; U.S. Public Policy, Harvard; Excel for Finance, Investopedia; Accounting, Golden Gate University; Income Investment Training, Foster & Marshall; Series 7 Securities License; Masters in Pastoral Studies, Seattle University

Prior Governmental Experience: Current member of Yamhill County Investment Advisory Committee; Past Treasurer of Yamhill County Improvement District #1; Past Chair of Yamhill County Watershed Council; Yamhill County CASA volunteer

Community Service: Treasurer, Protect Grand Island Farms; Past Finance Committee Member, Willamette Valley Cancer Foundation; Past WVMC Hospital Chaplain

As a **Certified Government Investment Professional**, I am prepared for the specific needs of public funds management. My extensive education, my solid understanding of economics and my twenty-plus years of experience as an investment professional make me the ideal candidate for Yamhill County Treasurer.

The Yamhill County Treasurer manages County investment funds to ensure preservation of capital, mitigate investment risk and seek maximum return. I will use my expertise and knowledge of our existing portfolio to meet these three objectives. **I currently serve on the Yamhill County Investment Advisory Committee.** I have a **conservative investment philosophy. I keep up to date regarding current market conditions.** My skills and aptitude are essential to managing our tax dollars in these challenging times.

"By far, Kris Bledsoe is best suited and trained to fill the role as Yamhill County's Treasurer. She understands the policies and the philosophy of public funds investing and will ensure that the policies currently in place will continue to benefit the County."

Michael Green, current Yamhill County Treasurer

Educational Background: Undergrad—CSU—Chico, Boise State University—BA Communication

Prior Governmental Experience: Current—Carlton City Council, Carlton Planning Commission, Carlton ad hoc Parks Planning Committee; Boise, ID—Dog off-leash area advisory committee; Idaho State Comptroller—Legislative assistant.

Optional Information: I love living in Carlton and I want it to remain the town you love too. I'm running for Mayor to:

Ensure citizens are always welcome, and encouraged, to voice your concerns at city meetings;

To try to end the mystery of our \$200–\$300 water bills & try to find ways to reduce them;

Always be available to answer your questions and concerns;

Ensure you're kept well-informed of what City Hall is doing;

Involve every citizen in planning and development actions before city officials are rushed into decisions;

Keep the City Council's annual goals and objectives in public view so citizens can see how we're doing;

Manage growth to keep Carlton a great LITTLE town;

Ensure decisions are made based on what's best for everyone, not a favored few.

(And I plan my new dog will be people-friendly, so when we stop to chat it's a good visit for all of us!)

Brian Rake

Occupation: Owner, Carlton Coffee Company

Occupational Background: Over 30 years of business management.

Educational Background: Carlton elementary and Yamhill-Carlton High school, Business management.

Prior Governmental Experience: Currently serving as Mayor, served 4-year term on city council 2013-2016, council president 2015-2016.

Henry Ford said, "Coming together is a beginning. Keeping together is progress. Working together is success."

Community is hard work, together!

- **Our mayor should not dictate, but should listen, ask questions and work for consensus.** My main goal as mayor is to build bridges and find common ground.
- **I introduced new rules that lay the foundation for a council that works as a team.** Our council should be expected to work together effectively, overcoming disagreements and finding consensus.
- **A great community works together to find common ground.** We will never all agree on a subject, but it is important that we listen and understand where those who disagree with us are coming from. This attitude must begin with our mayor and flow over into council, only then can we work together to find the common ground that best serves our community.

Having grown up in Carlton, I can attest to the history this community has of working together, sometimes making hard choices, to create the best future for our community.

In my four years on council the seven of us pulled together and seldom had a vote that was not unanimous, because we listened to and respected each other. We knew that each member of the council had value and treated each other accordingly.

Every person in this community adds value, no one is insignificant. The hard work of community is finding the common ground, finding agreement in the places where we disagree the most, and forging the future together.

Building community is hard work, but it is also fun and energizing! In a world filled with anger and division, join me in making Carlton an example of caring and unity.

Vargas, Technical, Mechatronics

Prior Governmental Experience: None

I am proud to live in the City of Carlton and I would like to contribute to the growth of this small town. I recently became a US citizen and I am honored to participate in this election.

I decided to get involved in city politics after feeling as though I didn't have a voice to participate in various things that were happening in town. I realized that it would much better to understand what was going on in the city and try to help with what I could instead of sitting back and watching it happen. I know that change starts in communities and that is why I would like to volunteer some of my time to improve things on a local level.

I hope to bring a diverse background to the City Council and a different point of view. I hope to create an even better Carlton for my family and friends. I have managed a successful business for several years and have come to understand the importance of taking an active role in making decisions that impact the future. I will make a great asset to City Council because I believe in data driven, responsible fiscal decisions. I support local growth and encourage citizens to be involved in decisions.

Thank you, I hope for your support.

Why I'm Running:

Carlton is my home. It's where I was raised, and there's no place my wife and I would rather raise our three children. I've witnessed first-hand the many changes to our city over the years, and it's imperative our Council prepare for the changes that lie ahead.

Responsible growth can benefit our community in countless ways, but it must be managed responsibly. We need to **repair our infrastructure** immediately and develop plans to ensure those investments by our taxpayers are maintained effectively. Upgrading our streets and sidewalks and securing a **safe, reliable and affordable water system** will be among my top priorities.

Perhaps most importantly, I believe we must **improve communication between the City and its residents**. All too often, residents are left out of the loop. As stewards of Carlton's resources, Council must listen to the priorities of its residents and keep them informed of projects and plans that impact the community and their families.

Should I earn your vote, I promise to bring a new perspective, fresh ideas, and transparency to City Council. I'm committed to maintaining the livability and charm of our great town and would be honored to have the opportunity to serve as your City Councilor.

New Program Provides Ballot Status Alerts!

Would you like to receive a text or e-mail message when your ballot has been received by our office?

The Yamhill County Clerk, in partnership with i3Logix, is offering a program to Yamhill County voters that provides notifications regarding their ballot.

Participating voters will receive alerts at different points on their ballot's journey. Text, e-mail or voice alerts will tell voters when the Yamhill County Elections Office has mailed their ballot and when a completed ballot has been received at the Elections Office.

Alerts will indicate that your ballot has been accepted, whether it has a non-matching signature or another defect that requires further action by you, the voter.

There is no charge to Yamhill County voters to sign up for this service*. Voters will have the option of receiving text, e-mail or voice alerts. Sign up today to begin receiving messages.

The screenshot shows the ballottrax Yamhill County website. At the top, there is a navigation bar with the logo and 'Yamhill County'. Below this is a large banner image featuring silhouettes of people raising their hands and American flags. In the center of the banner is a white box with the Yamhill County logo (1843) and the text 'Trust That Your Vote Counts! Track the status of your mail-in ballot, from printed to accepted'. To the right of the banner is a 'GET STARTED' registration form. The form includes a note: 'Note: This system does not change or update your voter registration. https://ballottrax.net/voter/'. The form fields are: FIRST NAME (e.g. 'John'), LAST NAME (e.g. 'Adams'), DATE OF BIRTH (e.g. '12-09-1962'), and ZIP CODE (e.g. '97122-00'). Below the form is a 'REGISTER / LOG IN' button. Prior Governmental Experience: Dundee City Council 2001-present; Parks Advisory Committee Chairperson 2008-present; Dundee Planning Commission; CPRD Budget Committee

My family and I enjoy life in Dundee. We have excellent police, fire, and municipal services, beautiful natural surroundings, and abundant recreational opportunities. My goal is to protect and improve this desirable living environment for existing and future residents.

Sustainable Development: Upcoming development on the riverside should be thoughtfully planned and provide a variety of housing options. Our water supply needs to be expanded and the city is studying options such as drawing and treating water from the Willamette, a major investment. Currently the city is exploring the formation of a fire district. These decisions should be fair and cost effective for existing residents.

Parks & Trails: Parks make a city more livable and our homes more valuable. Dundee Billick is our largest, most well-used park and we should protect it from development. Viewmont Greenway and Harvey Creek trails are now completed, and a new pedestrian path is planned for SW 3rd near Dogwood. A community priority is to create a dedicated bike/pedestrian trail connecting Newberg and Dundee.

Willamette River Opportunities: Several years ago, Dundee residents suffered a loss when our Willamette River access was cut off. I will renew efforts to restore access and re-open the paddle launch. Dundee is uniquely positioned on the Willamette River Water Trail near Ash Island. Together with our community partners, the city should pursue creation of a regional park along the river providing recreational and economic opportunities.

Please re-elect Jeannette Adlong for City Council. It has been my pleasure making our community vision a reality. I ask for your vote!

City of Gaston

Referred by City of Gaston Measure 34-304

Adopts a new charter for Gaston municipal government

Question: Shall the City of Gaston adopt a new charter to replace its current municipal charter?

Summary: If adopted, this measure would provide a new charter for the City of Gaston. The current charter was approved by the voters in 1974 and took effect in 1975. There have been many changes to state law since the enactment of the current charter and some of the provisions of the current charter are not consistent with state law. The proposed new charter specifies a general grant of powers consistent with state law.

The new charter will retain four year terms for the mayor and members of the city council and the positions will continue to be elected at large by Gaston voters. The current mayor and council members would remain in their positions and continue to serve the term for which they were elected. This means that council terms would remain staggered as they are under the current charter.

City of Gaston

Explanatory Statement Measure 34-304

This measure would provide a new city charter for the City of Gaston. A charter is a city's foundational document that outlines the principals, structures and processes of the city's government. Oregon law essentially allows city voters to organize their city government as the majority of voters consider best suited to meet the city's needs. The proposed charter would become effective on January 1, 2021.

The current charter was approved by the voters in 1974 and took effect in 1975. There have been many changes to state law since the enactment of the current charter and some of the provisions of the current charter are not consistent with state law. The proposed new charter specifies a general grant of powers consistent with state law.

The new charter will retain four year terms for the mayor and members of the city council and the positions will continue to be elected at large by Gaston voters. The current mayor and council members would remain in their positions and continue to serve the term for which they were elected. This means that council terms would remain staggered as they are under the current charter.

If the proposed charter is not adopted, the City's present charter will remain in place.

Prior Governmental Experience: Lafayette City Council, 4 years (two years as president); Lafayette Planning Commission, 1 year; Newberg City Council, 4 years

It has been an honor serving on the Lafayette City Council for the past four years, the last two as Council President. I appreciate the opportunity to serve our community in this way. I believe this experience, along with my time on the Newberg City Council and the Lafayette Planning Commission, has given me the knowledge base needed to be Lafayette's next Mayor.

I am excited about the direction of our community and I have no personal agenda in wanting to serve the City in this capacity. I simply want to be a part of helping our community become a place where citizens can thrive. I believe it is the Council's responsibility to listen to its community members and act with patience, wisdom, and sensitivity to make decisions that move the community forward and create a healthy living environment for all.

There are upcoming decisions to be made for our community that will have long-term effects. Therefore, it is imperative that we have strong, experienced, knowledgeable leadership guiding the process. I would love to have the opportunity to help lead the future development of our city as your Mayor. Thank you for your vote.

Prior Governmental Experience: Lafayette City Council – 2 years.

Optional Information: It has been my honor to serve Lafayette as a City Councilor for the past two years. I truly love serving our community; I enjoy working with the people who live here, other elected officials and the City Hall staff to help improve our great city.

While I've been on Council our city has undergone some amazing transformations, and other that are very troubling. Now more than ever Lafayette needs a hardworking, courageous, compassionate city council who can work collaboratively to reshape our city. It is the Council's responsibility to listen to its members, which I believe is still not being done. I am committed to seeing this change.

While the City Hall staff is doing its work, I will make sure the citizens are fully supported and protected from governmental interference. I believe our city council needs to work as a team providing oversight and dissecting each aspect of government to remove any waste of money and/or resources. I am committed to seeing this happen.

I take my role as a City Councilor very seriously. I hope I have earned your vote to continue.

Thank you!

- Being proactive in our planning to minimize the need to spend time and resources attempting to catch up on tasks.
- Evaluating and investigating all sides and views prior to making decisions.
- Communicate clearly and respectfully regarding any information that impacts the residents of Lafayette.
- Engage in the community in order to maintain connection and awareness of resident needs and views.
- Continuing to show up to city council meetings informed and ready to speak up in order to diminish group think mentality.
- To do what's right even when it isn't the easiest.

Dear neighbor, this is YOUR city council and I have come to realize our town desires to be connected to each other. We desire a council that interacts and relates to our residents and we deserve a city committed to a "can do" attitude instead of heedlessness. If elected to YOUR city council my immediate focus will be to do everything possible to strengthen and develop stronger communication standards for our council and city. Having a strong commitment to building and supporting community just within the last year I advocated for small business support during Covid 19, organized a successful citywide garage sale and started and facilitate the substantially sized online and in person Moms of Lafayette community group. Our town is a growing town. We owe it to the past, current and future residents to create and cultivate a town rich in history while being strong and successful as we grow.

My family moved to Lafayette from Beaverton Oregon in 2016. We were looking for a small community similar to the ones we were raised in to raise our own children. In 2017 I stepped away from my career in the insurance industry to refocus on family and be a stay at home dad. The following year we welcomed another son to the family.

As a city we have a need for fresh perspectives from Councilors that reflect all the demographics of our community especially parents of small children. I have worked with the city council as a member of the Budget Committee the last two years to familiarize myself with city operations. I was also a member of the Veteran's Park ad hoc Committee in 2019 that developed a plan for Veteran's Park that focused on outdoor activities for preteens and teens that will eventually be added to the parks master plan. Seeing the planning and development of Veteran's Park through to its conclusion is important to me. Traditionally our parks are primarily focused on small children with little space dedicated to preteens and teens. This work is still in progress and as a member of the city council I will continue that work to ensure the Veteran's Park project comes to fruition.

The parks project is not my only focus however. I will also focus on improving communication between city leadership and the community as a whole. Communication has improved significantly over the last two years but there is still opportunities that can be addressed. Focus is also needed on improved public safety and furthering the partnership with Yamhill County Sheriff Department to address the issues around vandalism and other crimes in our community.

Born and Raised Oregonian: I was born and raised in Sherwood,
Oregon – but when Sherwood was a smaller and quieter town that
resembled present-day Lafayette. I have resided in Lafayette my
entire working career and immersed myself in the community.

Principled: I come from a blue collar family that values integrity,
loyalty, and hard work. As a City Councilor, I will accept nothing less
from our local government. The citizens of this town should make
the decisions rather than the few employees of this town. Every staff
recommendation to the Council should be carefully considered with
a focus on the effect each decision will have on the citizens.

Qualified: I have served on the Lafayette Planning Commission
since 2015. I am not afraid to speak up when actions by the local
government seem unfair or unreflective of the community. As an
attorney, I have been trained on the creation, interpretation, and
implementation of laws. This only adds to my qualifications to work
closely with city ordinances as a City Councilor.

It is time for the citizens to take back control of the city.

Optional Information:

As a Lafayette citizen since 2006 I have seen slow improvements
made over time. I would like to see Lafayette's business district
improve over the next 4-6 years. There are a few ways I see to
achieve this goal. Some of those ways are more business-friendly
laws, more grant money for specific projects that improve the look
of our businesses, enforcing existing ordinances as well as creating
specific ordinances with "teeth" for those unwilling to comply. Once
ODOT comes through and replaces 99w this task should be easier.
I would also like to see existing ordinances enforced. Why have
ordinances if they are not enforced.

As an amateur historian, I would like to see our city promote the
historical side of Lafayette. As the 3rd oldest city in the state we
should proudly recognize and present our role in the founding and
shaping of Oregon. I see an historical recognition program in our
future. Perhaps mounting plaques and historic photos around town
in significant locations, recognizing the homes of important people
or the locations of important buildings is a good start. How many of
you are aware that we have a set of waterfalls along our section of
the Yamhill River? As our business district beautifies, access to view
these falls would attract visitors to our town. Perhaps a walking tour
is in our future as well.

These are exciting times for Lafayette. There are huge opportunities
in our future and I am looking forward to being part of that effort.

In the 7 years I have lived in Lafayette I have experienced a lot of
positive changes and I would like to keep this momentum going.

We need to continue the work on the city service's making sure that
the citizens have a good water and sewer system. Also continue the
work on building a good Fire Department.

Improvements in the Downtown area will generate new business and
this can be done with an Urban Renewal District that can finance
and help attract business to Lafayette.

The Parks system needs more stable financing so it can meet the
future needs for the citizens.

I feel that more should be done in the inner city to clean up homes.
Better utilization of our code enforcement officer could make a big
difference. I will work to make this happen.

I promise you that whether it be City Hall, Fire Department, Water
and Sewer System. Parks or the Downtown Area I will work to get
things done so you will be proud to say you in LAFAYETTE.

I live in Lafayette with my wife and 4 young children. As a father
and husband, I want the safest town possible. As a taxpayer, I want
my taxes to be spent responsibly, and for Lafayette to address the
issues it has. As an engineer, I'm able to look at problems, work to
understand them, and create a path towards a solution. I think our
city leadership needs more of that. I also have an open mind for
new ideas, and feel a town is strongest when the whole community
comes together, rather than just allowing its few elected officials to
make all of the decisions.

Some things I've seen that need to be addressed, and that I want to
help with:

- **Crime/Safety:** We need our city to work more closely with the
citizen-run community watch group, and to continue improving
our relationship with our police force.
- **Equal enforcement of city regulations:** Our city **NEEDS** to be
consistent in holding everyone to the same standards.
- **City Appearance:** I want to foster and encourage new ideas to
draw the right businesses to town, and also help improve our
main street.
- **Sidewalks:** I'd like all of our streets to have sidewalks on at
least one side of the road. I may be more passionate about
this because I have small children and we love going on
walks, but don't appreciate the need to walk on the street to
do so.
- **Future Town Growth:** Out town will grow, which is good, but
we need to make sure we do it responsibly.

I don't want to be a town that talks about being great; I want to be a
town that is actually great, and that we can all be proud of.

There's no Shortcut for Experience

Being the Mayor of McMinnville is way too important to start with on-the-job training. Serving for 26 years in local government has given me a deep understanding of the needs of our city. With more than 15 years as chair of the budget committee, I know the financial workings of McMinnville. Rebounding from COVID-19 is critical for our community as we start rebuilding our economic base. With more than 37 years' experience in commercial and retail banking, I will provide the leadership to grow jobs during these unprecedented times.

Because of my strong leadership and dedication, I have the support of every City Council member, ensuring our ability to work together as we rebuild. In this nonpartisan position I bring no personal agenda other than serving the citizens of McMinnville to work for jobs, safety and affordability in our community. I have developed tremendous partnerships within this community, county, state and region. I have been appointed to represent the area's interests at Mid-Willamette Area Commission on Transportation and serve on the League of Oregon Cities policy advisory committees on Energy, Environment and Transportation.

I have loved McMinnville since my wife Donna and our two young children moved here in 1992. I would be honored to continue to serve as your mayor.

Community Involvement: Hands Across America; Arizona Greyhound Rescue; McMinnville Habitat for Humanity; Yamhill County Community Connect.

I am running for City Council, Ward 1, to serve and bring my experience to bear working on the challenges facing our community. As an advocate for veterans at State and County levels in three states, I assisted people in obtaining medical treatment, housing, food, employment, even funeral arrangements. I learned to work with different government agencies and community groups to get the job done.

While helping veterans find employment during the financial crisis of 2008, I witnessed the fear and uncertainty caused by loss - loss of employment, loss of home, loss of purpose. As a sixteen year breast cancer survivor, I understand the importance of access to healthcare and other services, such as transportation and healthy foods. McMinnville needs experienced leaders with calm voices discussing priorities and steady hands to navigate the challenges our community faces: city service budgets, growing the tax base, affordable housing, homelessness, zoning, and public health and safety to name a few. I am humbly asking for your vote. If elected, I will be that calm voice and steady hand serving YOU in Ward 1.

As a business owner, active community member, husband, father,

As your Ward 1 representative on the McMinnville City Council you can expect me to-

Take a fiscally responsible approach: Hold the line on taxes and fees. Government at all levels should live within its means. As a long-time business owner, I'll apply a business-like approach to the budgeting and expenditure of your tax dollars.

Speak for you: As a resident of McMinnville for more than 35 years I understand the importance of having a voice on the City Council.

Be ethical: There's a difference between what you have a right to do and what is right to do. I will be guided by the U.S. and Oregon State Constitutions, and City Ordinances when casting a vote on the City Council.

Listen: On issues currently facing our City, including the Urban Growth Boundary, a new fire district and COVID-19 as well as the unknowns ahead, I look forward to working with you as your representative from Ward 1.

Collaborate: The City Council will serve most effectively when Councilors put aside divisive agendas and act as a team. Our Ward 1 neighbors hold a variety of viewpoints; I will listen to all concerns and strive to take all perspectives into account in my decisions as a City Councilor.

Support our first responders: Police and Fire personnel must be provided with the resources they need to keep our community safe.

Key Goals of the Citizens of McMinnville: Accelerate growth with living wage jobs across a balanced array of industry sectors. Improve systems for economic mobility and inclusion. Maintain and enhance our high quality of life in McMinnville. The McMinnville Strategic Plan.

Vision: I see a vibrant McMinnville community with a diverse range of living wage jobs. McMinnville is a place where its citizens want to live, work, raise their families and participate in the Gem that is McMinnville. A City where children can grow up, find a job and continue to build on the legacy where McMinnville leaders make it a better place to live. I see a McMinnville with no racial injustice nor homeless population thanks to cooperation between City, County and the Community. Growth of the community happens with thoughtful cooperation. Optional Information

I am excited to be running for city council! My wife and I are working parents raising two children in public school. I love our community and want to ensure that everyone has equal rights and equal bargaining power. I am offering an opportunity to reimagine civic engagement. Our city. Our voice. Our vote.

The intersection of racial justice, climate justice, and worker's rights is paramount at this time in our collective experience and needs to be at the forefront of our actions as such. For too long underserved communities, important social services, and the working class have been asked to bear the brunt of poor government policy.

As a participant in the McMinnville Peoples Collective we are striving to create a different and more inclusive model than current representative politics. We want to facilitate an engaged assembly of our community where everyone's voice can be heard. Let's find out what your concerns are. Gathering real information from real people. What barriers are preventing your voice from being heard in your own city? Do you know how to engage in the civic process? My role will be to deliver our collective message to the City Council and vote accordingly.

To be clear, racism in all personal and systemic forms, actions that ignore our climate crisis and profit over people models will not be part of this platform.

I look forward to serving our community as we strive to make McMinnville a more inclusive, thriving, healthy, and resilient city.

The city is changing, culture shifting, what I had grown up with seems to be slipping away. A second term as your City Councilor would allow me to address quality of life decisions ahead. I attended council meetings regularly for 4 years before running in 2016, this gave me a better understanding of city government.

Seeing firsthand the stress our Public Safety was under for far too long; both Police and Fire, the behavior issues downtown, deteriorating facilities conditions, renewing master plans, all form a fork in the road about what McMinnville will look like for the next few generations. As a third generation McMinnvillian, currently raising the fourth it was motivation to get out of the stands and into the arena to effect change in a positive and collaborative way.

As your blue collar, working family, small business voice for policy. I value the opinions of all, the best policy comes when all sides are engaged in the process. Policy needs to have action and quantifiable measures to ensure effectiveness. McMinnville culture needs to be preserved, while also encouraging industry and economic development. McMinnville is a place where all who want to contribute are welcome, parks and open spaces are valued, and impact on our quality of life is the lens through which we evaluate growth and opportunity.

I humbly ask you to Vote & Re-Elect Councilor Garvin this election.

About me:

Raised in Aloha, Oregon, daughter of public educators, I went onto study Political Science at Eastern University, in Philadelphia, where I developed my attention and motivation for social justice.

Work Life:

I've spent eight years working in the greater Portland area, the last four in Newberg, in roles focused on population health and healthcare access strategies. Serving during COVID-19 has reaffirmed my commitment to advocate for local solutions that decrease health, economic, and social disparities in our community.

Newberg Service:

I currently serve on the Newberg City Council, where I have been a voice for diversity, equity, and inclusion, affordable housing, economic development, and support to mental health and addiction within our community. I believe my core responsibilities as a public servant are to listen to others, be a voice when appropriate for marginalized people, and to have the humility to be changed when educated.

I serve on Taste Newberg, Newberg Housing Solutions, co-President of The Community Wellness Collective, and humbly received the Citizen of the Year Award from the Chehelem Valley Chamber of Commerce this year.

Newberg has become where my husband Chris and I plan to raise our kids, Abby (12), Mason (8), and Lincoln, (1); where we will continue to work, play, and serve.

My family and I have lived in Newberg for the past 23 years. In that time, I have been a small business owner, employee, volunteer, customer, and a **faithful citizen of Newberg**. I currently serve as the treasurer of the Yamhill Watershed Stewardship Fund and am the president of the Newberg-Dundee Police Foundation, and I am engaged in many different boards around the county that address homelessness, mental health, and community wellness.

Having had the honor of being on the council, I understand the importance of ensuring that all voices are heard and bring my experience of listening to all as I make the hard decisions. **It is always my pleasure to serve you. There is still a lot of work to do!**

Some things I pledge to continue working on for you and our community:

- Maintaining your Infrastructure investment – we cannot let our millions-dollar investments crumble.
- Customer Service—we all work for our community members
- Business retention and recruitment—our local economy matters
- Sustainable Practices—environmental, economic, and human capital
- 21st Century Policing—keeping our community and our employees safe
- Being an inclusive city—creating a more equitable community for all
- Encouraging a wide price range of housing

I will keep an open-door policy with the residents of Newberg. I will ensure that your voice is heard as we make decisions for the future of Newberg.

I appreciate your vote and given the opportunity, I will continue to serve you to the best of my ability and **keep our community at the center of my work as your city councilor.**

Occupation: Farmers Insurance agent in Newberg for over 38 years.

Occupational Background: As a business owner in Newberg, it has given me a clear perspective on budgeting and making decisions from a business standpoint. The

city should be run as a business, which will in turn, save tax dollars. The experience I have will work well for the community as a whole.

Educational Background: Newberg High School, General Studies, Diploma

Prior Governmental Experience: For 35 years I was on the Board of Directors for Chehalem Parks and Recreation District. I have been involved in the planning of the parks, golf course and the new aquatic center in Newberg, along with future improvements in the district. Elected to Newberg City Council in 2003.

It is important to plan Newberg's growth to accommodate businesses that can provide family sustaining jobs. One idea is zoning one or two large pieces of property to make it shovel ready to attract larger businesses. Businesses are drawn to communities where the land is prepared so they don't have to pay as many improvements, fees and high permit costs on top of new building expenses. We can plan for the future and bring high paying jobs to this community.

Affordable housing for renters and homeowners. My ideas for affordable housing are zoning for tiny homes/manufactured home parks where the homeowner owns the lot. In addition, we could zone an area and build residential homes that are multi-generational, providing mother-in-law quarters. This gives families the opportunity to bond with family members and pool their money.

I am a businessman who thinks outside the box and is able to listen and work with others to come up with good solutions. I was born and raised in Newberg, so you can be assured that my decision is based on the wellbeing of the Newberg community.

As your city councilor, I will support:

NO New Taxes: As your representative on the Newberg City Council, I pledge to vote against new taxes and will oppose fee increases. We need to keep the city's System Development Charges (SDCs) in line with actual infrastructure costs to keep housing affordable and stop unnecessary taxation.

Public Safety: Fully fund the Newberg Dundee Police Department; Support local first responders in protecting our community.

Running Government Like a Business: Our community's well-being depends on a reliable, transparent and fiscally responsible City government. I'm committed to providing strict oversight of Newberg's finances.

Government must live within its means.

It's time for the city council to adopt a business-like approach to budgeting and spending your tax dollars.

Strengthening Local Businesses: Prioritize retention and recruitment of small businesses in our community.

I look forward to representing the hard-working individuals and families of Newberg who expect a transparent, accountable and accessible City government.

I'd be honored to earn your vote!

My Vision:

Growth is inevitable. Losing our small town feel is not. I believe we can reap the benefits of growth and become a more successful city by ensuring inclusive access to public services, investing in social and economic development, and green technology. This will create economic opportunity and ultimately improve the quality of life in Newberg. I will do this through:

Diversity, Equity & Inclusion:

Actively removing barriers that keep Black, Indigenous, and People of Color from having equal social, economic and political power. My priorities are equal access to public services, participation in decision making, and staff diversity.

Community & Collaboration:

Newberg needs a city councilor who can create an inclusive space and stimulate dialogue across all political spectrums. I have a heart for resolution and value finding the center of an issue.

Sustainable Development:

I'm invested in building a framework of policy that benefits social, economic and environmental spheres, and balances social justice, urban growth, economic development and sustainability. I have the education and experience to make this happen.

Newberg School District 29J

Referred by Newberg School District 29J Measure 36-205

Bonds to Increase Health, Safety, Replace School, Update Classrooms, Technology

Question: Shall District improve health, student safety, technology, replace elementary school, repair, improve schools; issue bonds; with citizen oversight? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: If approved, measure would authorize \$141 million in general obligation bonds expected to:

- Improve Health, Safety & Security:
 - Install and upgrade emergency communications, security camera systems
 - Air quality improvements
 - Fire safety systems
- Upgrade and Update Aging Schools, Facilities:
 - Electrical, roofing, plumbing
 - Technology infrastructure upgrades
 - Covered Play Structures
 - Health clinic improvements at NHS
 - New 350-Student elementary school replacement in Dundee
 - Edwards Elementary expansion and modernization
- Invest in Classroom and Educational Programs
 - CTE/STEAM improvements K-12
 - Science Lab Upgrades at NHS
 - Catalyst Expansion
 - Special Education Enhancements

District will receive a State matching grant of up to \$5,026,044 if bonds are approved. Proceeds would also fund issuance costs, furnishing, equipping and site improvements.

Establishes a citizen bond oversight committee to ensure proceeds are used for indicated purposes.

Bonds would mature in not to exceed 31 years from issuance and may be issued in series. The increase in levy rate is projected to be \$0.71 per \$1,000 of assessed property value over last year's rate. Actual levy rate may differ due to changes in interest rates and assessed value.

Newberg School District 29J

Explanatory Statement Measure 36-205

Newberg School District serves over 4800 students in six elementary, two middle, and two high schools across an 85 square mile area that includes Newberg, Dundee and other parts of Yamhill County.

Newberg schools face challenges:

- School health, safety and security requirements have changed.
- Schools built from 1952 to 1976 are worn, and require updates and upgrades, including heating, lighting, electrical and plumbing to improve learning conditions.
- Classrooms and hands on learning spaces are old and out of date.
- Some schools no longer meet fire codes, flood regularly, and do not meet today's educational standards.

The district seeks community input: The school board has placed this \$141 million general obligation bond on the ballot to fund health, safety, and security improvements, provide upgrades and updates to buildings, and improve/expand learning spaces.

Community identified priorities: In 2019 after the completion of a 950-page independent school facility evaluation, the district formed a citizen-led bond committee that gathered public input on the needs of school buildings. The bond committee then made a recommendation to the school board.

The citizens' committee proposed a bond measure to fund the following capital projects:

- **Improve health, safety and security at every school:**
 - Install and upgrade emergency communications, security camera systems
 - Air quality improvements
 - Fire safety systems
- **Upgrade and Update Aging Schools, Facilities:**
 - Electrical, roofing, plumbing
 - Technology infrastructure upgrades
 - Covered Play Structures
 - Health clinic improvements at NHS
- **Expand Hands on Learning Opportunities:**
 - CTE/STEAM improvements K-12
 - Science Lab Upgrades at NHS
 - Catalyst Expansion
 - Special Education Enhancements
- **Expand & Modernize Edwards Elementary with new cafeteria, music classrooms, and eliminate portable classrooms.**
- **A new 350-Student elementary school replacement in Dundee – Oldest school in the district floods regularly, does not meet fire codes or educational needs.**

Financials: Bonds would mature in not to exceed 31 years from issuance and may be issued in series. The increase in levy rate is projected to be \$0.71 per \$1,000 of assessed property value over last year's rate. Actual levy rate may differ due to changes in interest rates and assessed value.

Bond to leverage state matching funds: The District will receive \$5,026,044 in state grant if bonds are approved. If bonds are not approved, these funds would not be received.

Bond funds can only be used for voter-approved projects: The principal amount cannot exceed \$141 million. Law prohibits the use of bond funds for any expense not listed on the ballot.

Citizen Oversight and Accountability

An independent, citizen-led Bond Oversight Committee will be established to oversee the use of bond funds, specifically:

- Ensure bond revenues are used only for the purposes consistent with ballot title and state law.
- Reduce long-term maintenance, construction costs and improve efficiency and longevity, and innovative practices.

Review quarterly reports produced by the district each year the bond proceeds are being spent in order to assess general compliance with the bond program approved by voters.

Measure 36-205 Argument in Support

I encourage you to vote yes on Bond Measure 36-205 and support the future of Newberg-Dundee Schools.

I am a Father of two Newberg School District Students, I pay property taxes in Newberg, and I serve on the Newberg School District Board of Directors. I have served on the Board for almost six years. From supporting Students' mental health to strengthening District finances, your School Board has done much to create an environment where Students can thrive.

During my time on the Board I have learned a lot about the education system in Oregon, and funding in particular. In a nutshell: A portion of property taxes collected in Oregon go into an education fund, distributed by the state to local districts. The District then uses this money to pay our general operating costs (supplies, salaries, maintenance, etc.). These tax funds alone are not enough to pay for, or even realistically save for, large capital costs such as major renovations or new buildings. These are funded through Bonds that must be approved by voters.

Asking you to support a Bond is not a step I take lightly, nor one that the District has rushed into. A lot of work - over several years - has gone into preparing for this request. A Long Range Facilities Planning Committee brought together Staff, Teachers, Parents, and other Community Members to take a thorough look at the condition of all District buildings and facilities. Building on that work, a Bond Development Committee came together to identify the highest priorities and then balance those with a realistic Bond amount to ask from our Community.

A wide range of people put in a lot of time, thought, and effort to bring us to the point of asking for your support. They helped the District develop a plan that will serve our Students and all Newberg well. The hard work of your fellow community members has brought a plan that deserves your support.

Measure 36-205 Argument in Support

LET'S PASS THE NEWBERG-DUNDEE SCHOOLS BOND: SAFE AND MODERN SCHOOLS

The Newberg School Board has voted to refer a \$141 million capital construction bond to voters. The bond increases the existing tax rate by \$0.71/\$1,000 to prioritize investments in safety and security, update and repair aging schools, and provide a modern education for students.

WHAT WILL THE BOND FUND?

Measure 36-205 supports the following improvements for Newberg-Dundee's students:

- Replacement of Dundee Elementary
- Remodel and expansion of Edwards Elementary
- CTE/STEAM improvements
- Safety upgrades at all existing schools, including:
 - o Seismic updates to old buildings
 - o Fixes to roofs, electrical, and water pipes
 - o Updated air-conditioning/HVAC systems

WHAT WILL IT COST?

Measure 36-205 is estimated to cost \$1.52/\$1,000 of assessed value, an increase of \$0.71/\$1,000. If the bond passes, the district will receive a \$5 million matching fund grant from the state.

Bond funds can only be used for bond-related costs such as construction, repairs, technology, and classroom materials.

Bond funds cannot pay for operational costs such as teacher salaries, utilities, and supplies. **When bond funds are used for maintenance upgrades, technology, and strategic expansion, more general fund dollars go to the classroom to maintain academic programs.**

¡PASAMOS EL BONO DE LAS ESCUELAS NEWBERG-DUNDEE: ESCUELAS SEGURAS Y MODERNAS!

La Mesa Directiva del Distrito Escolar de Newberg votó para recomendar un bono de construcción de capital de \$141 millones a los votantes. El bono aumenta la tasa de impuestos existente en \$0.71 / \$1,000 para priorizar las inversiones en seguridad, actualizar y reparar escuelas viejas y brindar una educación moderna para los estudiantes.

¿QUÉ FINANCIARÁ EL BONO?

La Medida 36-205 apoya las siguientes mejoras para los estudiantes de Newberg-Dundee:

- Reemplazo de la escuela primaria Dundee
- Remodelación y expansión de la Primaria Edwards
- Mejoras en CTE / STEAM
- Actualizaciones de seguridad en todas las escuelas existentes, que incluyen:
 - o Actualizaciones sísmicas de edificios antiguos
 - o Reparaciones a techos, tuberías eléctricas y de agua.
 - o Sistemas de aire acondicionado / HVAC actualizados

¿CUÁNTO COSTARÁ?

Se estima que la Medida 36-205 costará \$1.52 / \$1,000 del valor tasado, un aumento de \$0.71 / \$1,000. Si se aprueba el bono, el distrito recibirá una subvención de fondos de contrapartida de \$5 millones del estado.

Los fondos de los bonos solo se pueden usar para costos relacionados con los bonos, como construcción, reparaciones, tecnología y materiales para el aula. Los fondos de los bonos no pueden pagar los costos operativos, como los salarios de los maestros, los servicios públicos y los suministros. Cuando los fondos de los bonos se utilizan para actualizaciones de mantenimiento, tecnología y expansión estratégica, más dólares del fondo general se destinan al aula para mantener los programas académicos.

NEWBERG-DUNDEE SCHOOLS BOND: YES FOR SAFE AND SECURE SCHOOLS

We must support the health and safety of all of Newberg and Dundee's children. Investing in school buildings ensures that our students have updated, equitable, and accessible facilities.

Update aging boilers, HVAC systems, and back-up generators

Aging HVAC systems leave children uncomfortable and unsafe. We will replace and update aging systems, guaranteeing energy efficiency, additional viral protection, and reliability. Every school will have generators to ensure water availability and prevent costly septic system failures.

Upgrade Safety and Security Features Across the District

Structural enhancements, upgraded security equipment, and newly added security vestibules in every school will improve student and staff safety during an emergency. These additions increase our ability to isolate students in need of medical attention and address COVID needs.

Construction of Covered PE/Play Structures and Flexible Learning Spaces

Outdoor, flexible learning spaces are needed to promote a healthy learning environment outside of the classroom. Bond funds will provide every school building with flexible learning areas, as well as covered outdoor areas that will serve as additional learning spaces for recreation and instruction.

Health clinic renovation

The health clinic renovation will offer benefits to NHS students and the Newberg-Dundee community during the pandemic and beyond. These facilities will continue to grow and support the services provided by the Wellness Collective, addressing the mental health needs of our students directly on campus.

Replace old technology

In a rapidly changing world, our students and staff need access to modern engineering and computer lab technology. Upgrades in each building and additional technology for staff and student learning will better support the District's current use of digital platforms and blended educational models.

Measure 36-205 Argument in Support

Statement in Support of the Newberg School District Bond Measure

When considering potential upgrades that require loans, whether it be to rebuild an old transmission, fix or add on to a house, or significantly improve a school district's facilities, it seems like there is always one question that accompanies the initial question: **Is this worth it?**

While participating in numerous Bond meetings, members of the Executive Board for the Newberg Education Association always looked at the information through this prism. Respect to the community's dollars and the educational opportunities for the students were always paramount.

- We have an elementary school that is too small and woefully outdated, and we have another elementary school that needs considerable upgrades to handle the influx of students, especially for its dual language program.
- We have science and CTE facilities at the high school that seem like they were designed many decades ago for a different type of learning, and that is because they were.
- Buildings have HVAC systems that wildly underperform (when they perform at all), combined with myriad other issues that need to be addressed throughout every building in the district, because these publicly-used buildings are 20-50 years old.

Because of the aforementioned reasons and others not mentioned for brevity concerns, **Newberg Education Association endorses the Newberg School District's bond measure for the fall of 2020.** It is clear that the items included in this bond will improve our school district and the opportunities available for our students and our community.

We want our students to have the well-rounded, wide-ranging, and safe education that they deserve. We believe that the 2020 Bond is a step in the right direction for the future of our community and its students.

Measure 36-205 Argument in Support

CHEHALEM VALLEY'S BUSINESS LEADERS SUPPORT MEASURE 36-205

AN INVESTMENT IN OUR COMMUNITY'S SCHOOLS IS AN INVESTMENT IN OUR CURRENT AND FUTURE ECONOMY

A YES vote on Measure 36-205 is a vote for the future of our Economy

Excellent public schools are necessary for:

- Building and retaining a quality workforce
- Supporting existing businesses and attracting new ventures to our city
- Preparing the next generation of students for a rapidly changing economy

Providing cost-effective renovations and urgently needed health and safety improvements across the district will improve student achievement, teacher performance, and academic outcomes. This investment will also bolster our local real estate values and provide thousands of hours of work for local construction companies, manufacturers, local architecture firms, and the unionized labor these industries employ.

Newberg and Dundee are joining many communities around the country in increased educational focus on the fields of Science, Technology, Engineering, Arts, and Manufacturing (STEAM). Growing at twice the rate of other professions in America, STEAM jobs provide higher incomes and play a significant role in the sustained growth and stability of our economy. The bond would provide new hands-on learning and career/vocational training opportunities for students who want to enter the workforce after graduation.

As business owners, civic leaders, and entrepreneurs across Chehalem Valley, we are asking you to please vote YES on Measure 36-205.

Occupation: Currently working at Oregon State Hospital as an Associate Chief of Psychology supervising a high performing team of psychology staff providing direct patient care and working with the Program Executive Team.

Occupational Background:

Previously have worked at the Oregon State Penitentiary as a Mental Health Specialist and managing an in-patient psychiatric unit. Prior to starting my state service in 2006, I had worked in several customer service positions as a barista, CNA, video store clerk, and fast-food restaurant serving ice cream and burgers.

Educational Background: Chicago School of Professional Psychology, Forensic Psychology, M.A.; Western Oregon University, Social Science/Chemistry, Bachelor of Science; Chemeketa Community College, General Studies, Associate of Arts

Prior Governmental Experience: 2016-current - Sheridan City Council; 2014-2016 - Sheridan Planning Committee; 2012-current - Sheridan Budget Committee

Goals if re-elected to the Sheridan City Council

- 1) Continue short/long term planning of basic city services, such as public safety, water, and sewer.
- 2) Continued monitoring and improvement of code enforcement.
- 3) Increased collaboration of city with community organizations

Over the years, I have participated in various volunteer events with multiple groups and non-profit organizations in the West Valley. I believe the community we live in is shaped by the effectiveness of these community-based organizations and the people who volunteer their time in support of the organizations goals. I support the city to collaborate with these community groups and organizations to work towards the common goal of helping Sheridan and the West Valley continue to improve the town we choose to reside.

Occupation: Retired

Occupational Background: For 40 years I was a meteorological technician for the U. S. Air Force

Educational Background: Sheridan High School, High School Diploma; Willamette University, Undeclared, None; Community

College of the Air Force, weather/meteorology, Certificate of Qualification

Prior Governmental Experience: None

My parents moved to Sheridan in the summer of 1972. I graduated from Sheridan High School in 1974. In November 1975, I joined the U.S. Air Force. On all of my paperwork, my "Home of Record" was Sheridan, Oregon. Sheridan was and is my home.

I spent 40 years both in and working for the U.S. Air Force. Twice during my career I was stationed in Tacoma, Washington. After 1982, I was in Tacoma for good. That allowed me to come back and visit Sheridan often. My parents lived here until 1996 when my father passed away and I moved my mother to Tacoma. After that time, I continued to return to Sheridan to visit high school friends. I always thought of Sheridan as my home. It just took me 43 years to live here again.

I have regularly attended Sheridan City Council meetings for over two years. I've seen how City government works. I support full transparency in all government actions. The citizens of Sheridan deserve to know what is happening here and why it's happening.

With the downturn of the economy, Sheridan has struggled. We are considered a distressed City by the State government! The City government needs to get involved. We need to find ways to make Sheridan a clean, safe and more enjoyable place to live. The Council is in charge of how the City should be managed. The Council represents you. The Council can find ways to help allot the limited available funds towards what the citizens' want and need. I want to see citizens' goals met. I respectfully request your vote on November 3rd.

After three years of living in Sheridan, I am throwing my hat in the ring for City Council. I try to keep informed regarding local and national politics; and am interested in both learning more and serving at the local level. My strength lies in identifying my priorities, and focusing my energies on the things that make the greatest difference. For the past 21 years, that has been in building a family with my husband, helping him start a business, and educating our children to help them become confident and unique individuals.

Right now our town needs to identify the goals that would bring the greatest benefits to the most individuals. As a mother living with her family on Main Street, I see the need and would like to be a part of the answer. Government by its very nature is supposed to be truly representative. I would be proud to represent the very best of Sheridan.

Educational Background: Warner Pacific University, Human Development, Bachelor of Science

Prior Governmental Experience: Elected City of Yamhill Mayor (2018); Appointed Yamhill County Economic Development Advisory Council (2018); Elected to Yamhill City Council (2017)

Statement: As current Mayor for the City of Yamhill, I understand the values of our community as a small town. My desire is to pursue a thriving community with a solid infrastructure for long-term sustainability to support the needs of the people and property. The City has worked hard on multiple projects these last few years. To include, completing the water/sewer rate study; updated the System Development Charges for any new development; currently installing upgraded waterlines to increase water flow; developed positive working relationships with many community partnering organizations and volunteer citizens. The City is actively seeking grant opportunities to upgrade the city water systems, roadways and traffic flow, safe routes to school, Mainstreet development, and improved community communications. With your vote, it will be an honor to continue serving as your Mayor for a thriving City of Yamhill.

Community Service:

Yvette Potter is a fifth generation Oregonian. She served her Country in the U.S. Marine Corps. She serves her community in County Public Service (20 years). She serves as an advocate for the homeless (20 years). She serves as a volunteer for at-risk youth with Camp Rosenbaum (14 years). She serves with ethical integrity and a strong desire to support a thriving community.

**Please
remember to
only sign the return envelope
that belongs to you!**

Signing another person's envelope is against the law!

By signing a ballot envelope you are certifying that:

- you are a United States Citizen;
- you are the person to whom the ballot was issued;
- you are legally qualified to vote the ballot;
- it is the only ballot you voted this election;
- you still live at the address printed on the envelope.

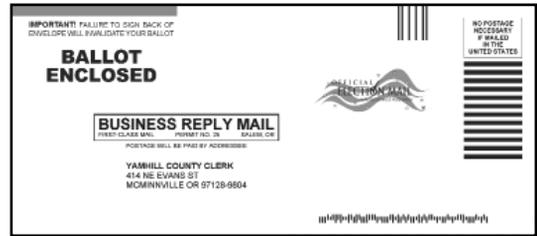

WARNING: Signing another person's name to a ballot envelope is a Class C Felony.

What is a prepaid postage envelope?

You don't have to use a stamp

With prepaid postage, you no longer have to use a stamp to mail back your voted ballot.

Beginning this year, all ballots in Oregon will be sent to voters with a prepaid postage return envelope.

How does it work?

If you mail back your voted ballot, the Post Office will charge the State of Oregon for each ballot sent back to an Elections Official.

Only those ballots sent back through the mail will be charged to the State.

What about Drop Sites?

Using one of Yamhill County's 15 drop sites is faster, cheaper and gets your ballot to us before the deadline.

Search for a drop site near you at:
<https://www.co.yamhill.or.us/content/ballot-drop-sites>

Postmarks DO NOT count

In Oregon, an Elections Official must have your ballot by 8:00 p.m. on Election Night. If your ballot is still with the Post Office after 8:00 p.m. on Election Night **your vote will not count.**

Postmarks **DO NOT** count for ballots in Oregon!!

*If we have not received your ballot by 8:00 p.m. on Election Night, **your vote will not count.***

Return your ballot

- By mail (*only if you mail your ballot by October 27, 2020 - a week before the election*)
- At any Official Ballot Drop Site (*see list on Yamhill County Page 48 of this pamphlet*)
- At the County Clerk's/Elections Office

How to cast your vote:

1 Complete your ballot

To vote, completely fill in the box next to your choice.

To vote for a person not on the ballot, fill in the box next to the “write-in” line, then neatly write the name of the person on the line provided.

You do not have to vote on all contests. Those you do vote on will still count.

2 Check for errors

If you vote for more options than are allowed, your vote **will not count** for that contest.

If you think you made a mistake, call the Yamhill County Elections Office.

If you would like to change your choice on a contest, draw a solid line through your original choice, then make your next selection.

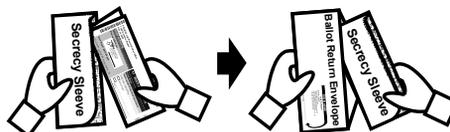

3 Optional: Use the “secrecy” sleeve

If you use the optional “secrecy” sleeve, put only your voted ballot (not another person’s ballot) inside. Then, put only your secrecy sleeve inside your return envelope.

(If we receive an envelope with more than one ballot inside, all enclosed ballots are rejected and not counted.)

You are not required to use the “secrecy” sleeve.

4 Sign your return envelope

You must sign your return envelope or **your vote will not count**.

We verify every signature on every envelope against the voter files.

5 Return your ballot

- By mail - stamps are no longer required (*ballot return envelopes in Oregon now use prepaid postage - see instructions/conditions on page 44*)
- At any Official Ballot Drop Site (*see list on Yamhill County Page 48 of this pamphlet*)
- At the County Clerk's/Elections Office

What if I forgot to put my ballot in the secrecy sleeve and I have already sealed my white/purple envelope?

The secrecy sleeve is not required for your ballot to be counted. However, if you wish to use it, you may carefully open the envelope and tape it closed again or simply come to our office for a replacement envelope.

What if I did not receive a ballot?

Call the Yamhill County Elections Office at (503) 434-7518 or (503) 554-7850 from Newberg.

You may need to update your voter registration.

I went to the DMV and got (or updated) my drivers' license but didn't receive a ballot. Why? What do I do?

There are many reasons why the new "Oregon Motor Voter" process may not have been completed. Please call our office immediately for assistance.

What if I have moved and changed my residence or mailing address?

You may update your voter registration in our office or at the website www.oregonvotes.gov. You will be issued the correct ballot for your new address.

Is postage required if I place my ballot in an Official Ballot Drop Site?

No.

If I choose not to vote for a candidate, contest or measure, will the rest of my ballot count?

Yes.

Is it too late to update my voter registration?

No. You have up until Election Day, November 3rd to update your voter registration and receive a ballot if you are currently registered in Oregon.

When is the last day to mail my ballot and have it received by the Yamhill County Clerk's Office?

The United States Postal Service recommends mailing 1 week before the Election (October 27th, 2020) for your ballot to reach us on time. **Postmarks do not count!**

When will results be available?

The first results should be available just after 8:00 p.m. on Election Day, November 3rd. For election results you may visit our website at:
