I first came to Willamina as a volunteer For the fire department. That was about 10 years ago. I was an EMT Basic then. My dream was to become a paramedic firefighter, and work in the same Town in which I lived. To care for the people In Willamina, and know them personally Was important to me. I believe establishing History provides better care. I did become a Paramedic, and my family and I did Make our home in Willamina. Sadly, The fire department has changed. It is no Longer the community based department It once was. The town's people have Been mislead. We have only a few in-Town volunteers left. Most volunteers do not Reside in Willamina. I am concerned for The emergency care for our citizens. For Example, this past year the ambulance Responded to a heart related call. The drive Should have taken less than a minute and it Took over 12 minutes. This is unacceptable. Our fire department no Longer has a district clerk. Often the fire district office is closed. Without a District clerk, I question a proper checks and balances Accounting system. These are only a few of My concerns. I want to bring the focus back To the community the fire district serves with Excellence and the highest standards in patient care, Fire training, EMS Training, Leadership, and a focus Of Community Involvement utilizing In Town Volunteers.
