

**MINUTES
INFORMAL WORK SESSION
January 26, 2005**

**Newberg Transportation Plan
Courthouse, Rm. 108**

[Note: The work session was noticed via Joint Schedule.]

PRESENT: Commissioners Leslie Lewis and Kathy George, Commissioner Mary Stern being excused.

Staff: Mike Brandt, Ken Friday

Guests: Barton Brierly, City of Newberg; Daniel Danicic, City of Newberg; Dan Seeman, Murray Smith & Associates, 610 SW Alder, Ste. 700, Portland 97205

Leslie called the meeting to order.

Amendments to the Newberg Transportation Plan were discussed. Barton asked if the County would simply amend their transportation system plan with a cross reference to the proposed amendments to Newberg's TSP. Mike noted that even if the County did that - which is an action that he opposes - the City would still need to apply for several land use approvals since many of the roads go outside of Newberg's UGB. Leslie was very concerned with the road going through Oxberg Lakes Estates and discussed several alternatives to the routing of this roadway.

Barbara Stanley, Secretary

(Notes provided by Ken Friday.)
